**AUTOMATIC PAYMENTS HAVE BEEN SPECIFIED  
FOR YOUR ACCOUNT.**

We suggest you carefully check all entries on your statement. Apparent errors or possible unauthorised transactions should be promptly reported to us.

The security of your Personal Identification Number (PIN) is very important. To avoid being liable for unauthorised transactions, you should follow the terms and conditions of your account. We also recommend some simple steps to protect your PIN:

- Memorise your PINs and passwords and destroy any communications advising you of new ones. Don't keep a record of your PINs or passwords, in written or electronic form.
- If you choose your own, ensure that it is not something easy to guess like your (or a family member's) birth date, name, phone number, postcode, driver's licence number or numbers that form a pattern.
- Don't tell anyone your PIN, not even friends, family or a bank representative.
- Ensure nobody watches you enter your PIN or password. A good practice is to cover the keypad when you put in your PIN or password.
- Watch out for email, SMS or call scams asking for details relating to your account. If you receive suspicious emails, please contact us immediately.

Please note: These are guidelines only. While following these steps will help you to protect your PIN, your liability for any losses arising from unauthorised transactions is determined in accordance with the ePayments Code. For further details, see

<https://asic.gov.au/regulatory-resources/financial-services/epayments-code/> or visit [bendigobank.com.au/mycard](https://bendigobank.com.au/mycard) for all card related information. Business customers visit [/mybusinesscard](#).

An International Transaction Fee of 3% of the transaction amount (in AUD) is payable for each transaction which is conducted in a currency other than Australian dollars (AUD), or conducted in Australian dollars (AUD) but with or using a merchant, payment processor, financial institution or other entity (including an online merchant) who is outside of Australia. (Fee does not apply to Bendigo Ready Credit Card). Note: It may not always be apparent to you that an online merchant is located outside of Australia. Additional charges may apply for cash transactions.

#### **Card Security**

For information on how to securely use your card and account please visit [bendigobank.com.au/mycard](https://bendigobank.com.au/mycard) for all card related information. Business customers visit [/mybusinesscard](#).

#### **Resolving Complaints**

If you have a complaint, please contact us on 1300 361 911 to speak to a member of our staff. If the matter has not been resolved to your satisfaction, you can lodge a complaint with the Australian Financial Complaints Authority (AFCA). AFCA provides fair and independent financial services complaint resolution that is free to consumers. You can contact AFCA at:

**MONTHLY FINANCIAL REPORT  
FOR THE PERIOD ENDED 31 DECEMBER 2025**

**BASIS OF PREPARATION**

**BASIS OF PREPARATION**

The financial report has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying Regulations.

The *Local Government Act 1995* and accompanying Regulations take precedence over Australian Accounting Standards where they are inconsistent.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

**THE LOCAL GOVERNMENT REPORTING ENTITY**

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 16 to these financial statements.

**SIGNIFICANT ACCOUNTING POLICIES**

**CRITICAL ACCOUNTING ESTIMATES**

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities not readily apparent from other sources.

Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimation of fair values of certain financial assets
- estimation of fair values of fixed assets shown at fair value
- impairment of financial assets

**GOODS AND SERVICES TAX**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position. Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

**ROUNDING OFF FIGURES**

All figures shown in this statement are rounded to the nearest dollar.

**KEY INFORMATION**

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Bank overdrafts are reported as short term borrowings in current liabilities in the statement of net current assets.

The local government classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

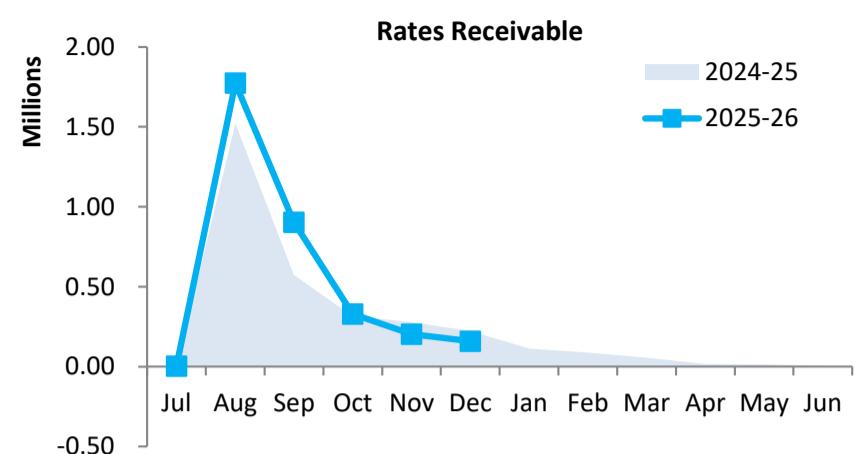

Financial assets at amortised cost held with registered financial institutions are listed in this note other financial assets at amortised cost are provided in Note 4 - Other assets.

#### KEY INFORMATION

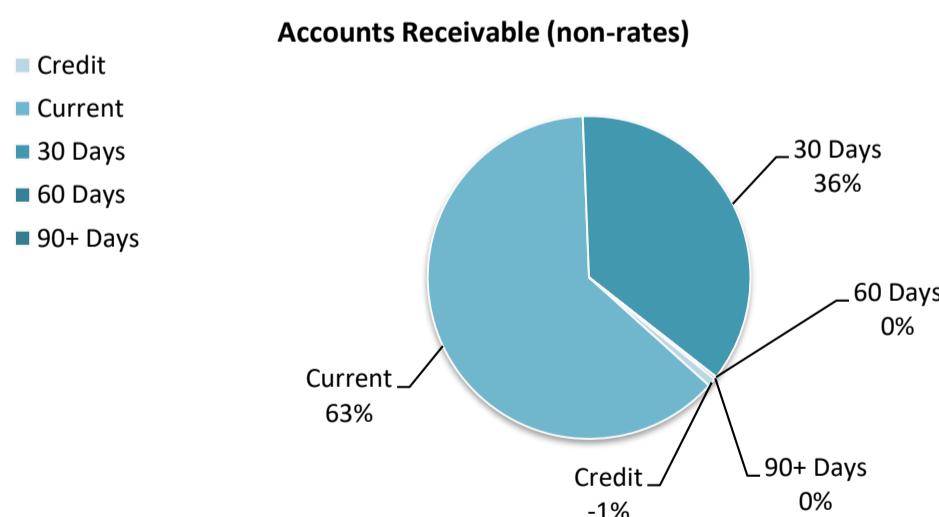

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectable amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

#### Classification and subsequent measurement

Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates receivable after the end of the reporting period are classified as non-current assets.

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the Shire measures them subsequently at amortised cost using the effective interest rate method.

KEY INFORMATION

**Inventory**

Inventories are measured at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

**Contract assets**

A contract asset is the right to consideration in exchange for goods or services the entity has transferred to a customer when that right is conditioned on something other than the passage of time.

KEY INFORMATION

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the period that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

KEY INFORMATION

Prepaid rates are, until the taxable event for the rates has occurred, refundable at the request of the ratepayer. Rates received in advance give rise to a financial liability. On 1 July 2021 the prepaid rates were recognised as a financial asset and a related amount was recognised as a financial liability and no income was recognised. When the taxable event occurs the financial liability is extinguished and income recognised for the prepaid rates that have not been refunded.

**SIGNIFICANT ACCOUNTING POLICIES**

Each class of fixed assets within either plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Financial Management Regulation 17A (5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

**Initial recognition and measurement for assets held at cost**

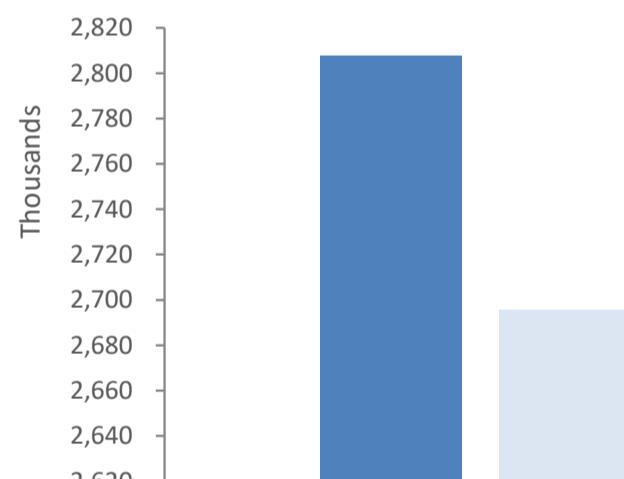

Plant and equipment including furniture and equipment is recognised at cost on acquisition in accordance with *Financial Management Regulation 17A*. Where acquired at no cost the asset is initially recognise at fair value. Assets held at cost are depreciated and assessed for impairment annually.

**Initial recognition and measurement between**

**mandatory revaluation dates for assets held at fair value**

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

KEY INFORMATION

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

Fair values of borrowings are not materially different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature. Non-current borrowings fair values are based on discounted cash flows using a current borrowing rate.

FOR THE PERIOD ENDED 31 DECEMBER 2025**

**FINANCING ACTIVITIES**  
**NOTE 11**  
**LEASE LIABILITIES**

The Shire does not have any lease liabilities to report.

**KEY INFORMATION**

At inception of a contract, the Shire assesses if the contract contains or is a lease. A contract is or contains a lease, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. At the commencement date, a right of use asset is recognised at cost and lease liability at the present value of the lease payments that are not paid at that date.

The lease payments are discounted using that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Shire uses its incremental borrowing rate.

All contracts classified as short-term leases (i.e. a lease with a remaining term of 12 months or less) and leases of low value assets are recognised as an operating expense on a straight-line basis over the term of the lease.

#### KEY INFORMATION

##### Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

##### Employee Related Provisions

###### Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the calculation of net current assets.

###### Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as employee related provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur. The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

##### Contract liabilities

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer.

##### Capital grant/contribution liabilities

Grants to acquire or construct recognisable non-financial assets to identified specifications be constructed to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.

AUTOMATIC PAYMENTS HAVE BEEN SPECIFIED  
FOR YOUR ACCOUNT.

We suggest you carefully check all entries on your statement. Apparent errors or possible unauthorised transactions should be promptly reported to us.

The security of your Personal Identification Number (PIN) is very important. To avoid being liable for unauthorised transactions, you should follow the terms and conditions of your account. We also recommend some simple steps to protect your PIN:

- Memorise your PINs and passwords and destroy any communications advising you of new ones. Don't keep a record of your PINs or passwords, in written or electronic form.
- If you choose your own, ensure that it is not something easy to guess like your (or a family member's) birth date, name, phone number, postcode, driver's licence number or numbers that form a pattern.
- Don't tell anyone your PIN, not even friends, family or a bank representative.
- Ensure nobody watches you enter your PIN or password. A good practice is to cover the keypad when you put in your PIN or password.
- Watch out for email, SMS or call scams asking for details relating to your account. If you receive suspicious emails, please contact us immediately.

Please note: These are guidelines only. While following these steps will help you to protect your PIN, your liability for any losses arising from unauthorised transactions is determined in accordance with the ePayments Code. For further details, see <https://asic.gov.au/regulatory-resources/financial-services/epayments-code/> or visit [bendigobank.com.au/mycard](https://bendigobank.com.au/mycard) for all card related information. Business customers visit [/mybusinesscard](#).

An International Transaction Fee of 3% of the transaction amount (in AUD) is payable for each transaction which is conducted in a currency other than Australian dollars (AUD), or conducted in Australian dollars (AUD) but with or using a merchant, payment processor, financial institution or other entity (including an online merchant) who is outside of Australia. (Fee does not apply to Bendigo Ready Credit Card). Note: It may not always be apparent to you that an online merchant is located outside of Australia. Additional charges may apply for cash transactions.

#### **Card Security**

For information on how to securely use your card and account please visit [bendigobank.com.au/mycard](https://bendigobank.com.au/mycard) for all card related information. Business customers visit [/mybusinesscard](#).

#### **Resolving Complaints**

If you have a complaint, please contact us on 1300 361 911 to speak to a member of our staff. If the matter has not been resolved to your satisfaction, you can lodge a complaint with the Australian Financial Complaints Authority (AFCA). AFCA provides fair and independent financial services complaint resolution that is free to consumers. You can contact AFCA at:

**MONTHLY FINANCIAL REPORT  
FOR THE PERIOD ENDED 31 JANUARY 2026**

**BASIS OF PREPARATION**

**BASIS OF PREPARATION**

The financial report has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying Regulations.

The *Local Government Act 1995* and accompanying Regulations take precedence over Australian Accounting Standards where they are inconsistent.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

**THE LOCAL GOVERNMENT REPORTING ENTITY**

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 16 to these financial statements.

**SIGNIFICANT ACCOUNTING POLICIES**

**CRITICAL ACCOUNTING ESTIMATES**

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimation of fair values of certain financial assets
- estimation of fair values of fixed assets shown at fair value
- impairment of financial assets

**GOODS AND SERVICES TAX**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position. Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

**ROUNDING OFF FIGURES**

All figures shown in this statement are rounded to the nearest dollar.

**KEY INFORMATION**

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Bank overdrafts are reported as short term borrowings in current liabilities in the statement of net current assets.

The local government classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

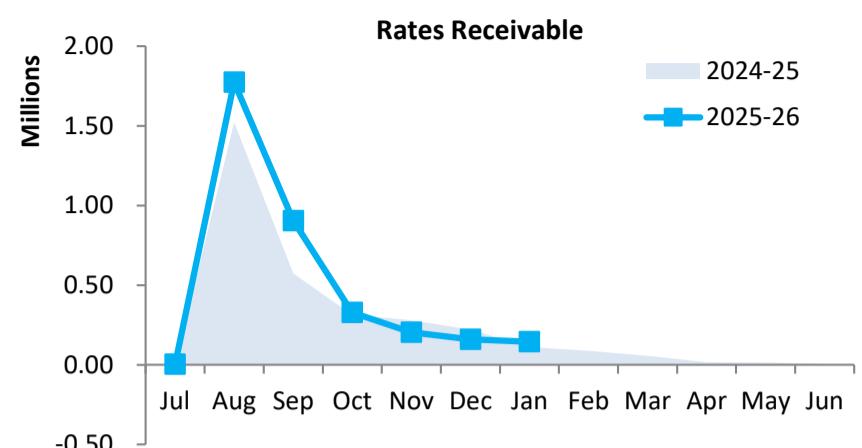

Financial assets at amortised cost held with registered financial institutions are listed in this note other financial assets at amortised cost are provided in Note 4 - Other assets.

#### KEY INFORMATION

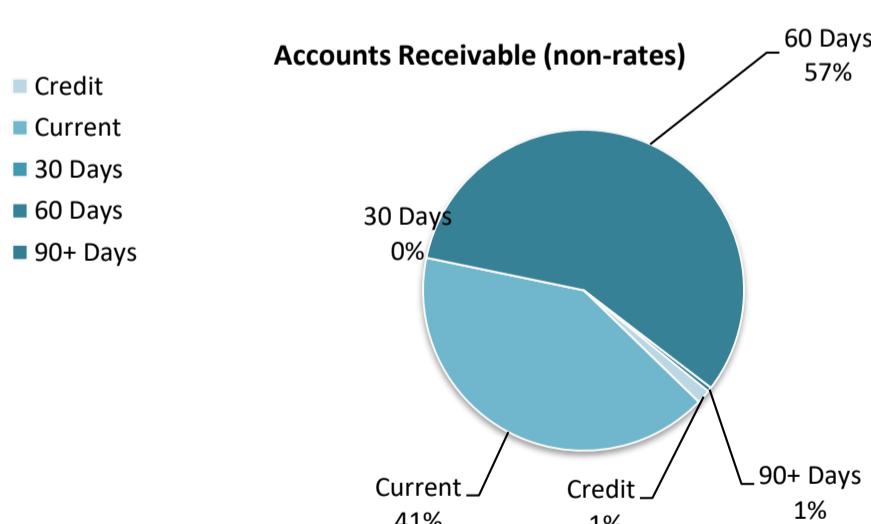

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectable amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

#### Classification and subsequent measurement

Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates receivable after the end of the reporting period are classified as non-current assets.

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the Shire measures them subsequently at amortised cost using the effective interest rate method.

KEY INFORMATION

**Inventory**

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

**Contract assets**

A contract asset is the right to consideration in exchange for goods or services the entity has transferred to a customer when that right is conditioned on something other than the passage of time.

#### KEY INFORMATION

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the period that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

KEY INFORMATION

Prepaid rates are, until the taxable event for the rates has occurred, refundable at the request of the ratepayer. Rates received in advance give rise to a financial liability. On 1 July 2021 the prepaid rates were recognised as a financial asset and a related amount was recognised as a financial liability and no income was recognised. When the taxable event occurs the financial liability is extinguished and income recognised for the prepaid rates that have not been refunded.

#### SIGNIFICANT ACCOUNTING POLICIES

Each class of fixed assets within either plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Financial Management Regulation 17A (5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

#### Initial recognition and measurement for assets held at cost

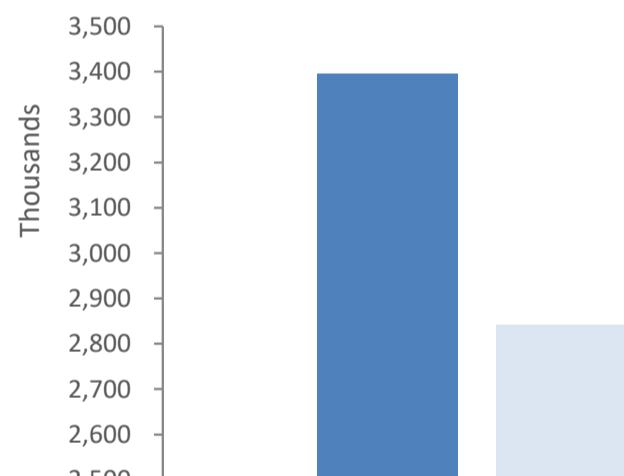

Plant and equipment including furniture and equipment is recognised at cost on acquisition in accordance with *Financial Management Regulation 17A*. Where acquired at no cost the asset is initially recognise at fair value. Assets held at cost are depreciated and assessed for impairment annually.

#### Initial recognition and measurement between

#### mandatory revaluation dates for assets held at fair value

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

## KEY INFORMATION

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

Fair values of borrowings are not materially different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature. Non-current borrowings fair values are based on discounted cash flows using a current borrowing rate.

FOR THE PERIOD ENDED 31 JANUARY 2026**

**FINANCING ACTIVITIES**  
**NOTE 11**  
**LEASE LIABILITIES**

The Shire does not have any lease liabilities to report.

**KEY INFORMATION**

At inception of a contract, the Shire assesses if the contract contains or is a lease. A contract is or contains a lease, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. At the commencement date, a right of use asset is recognised at cost and lease liability at the present value of the lease payments that are not paid at that date.

The lease payments are discounted using that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Shire uses its incremental borrowing rate.

All contracts classified as short-term leases (i.e. a lease with a remaining term of 12 months or less) and leases of low value assets are recognised as an operating expense on a straight-line basis over the term of the lease.

#### KEY INFORMATION

##### Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

##### Employee Related Provisions

###### Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the calculation of net current assets.

###### Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as employee related provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur. The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

##### Contract liabilities

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer.

##### Capital grant/contribution liabilities

Grants to acquire or construct recognisable non-financial assets to identified specifications be constructed to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.

**MONTHLY FINANCIAL REPORT  
FOR THE PERIOD ENDED 31 DECEMBER 2025**

**BASIS OF PREPARATION**

**BASIS OF PREPARATION**

The financial report has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying Regulations.

The *Local Government Act 1995* and accompanying Regulations take precedence over Australian Accounting Standards where they are inconsistent.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

**THE LOCAL GOVERNMENT REPORTING ENTITY**

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 16 to these financial statements.

**SIGNIFICANT ACCOUNTING POLICIES**

**CRITICAL ACCOUNTING ESTIMATES**

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimation of fair values of certain financial assets
- estimation of fair values of fixed assets shown at fair value
- impairment of financial assets

**GOODS AND SERVICES TAX**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position. Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

**ROUNDING OFF FIGURES**

All figures shown in this statement are rounded to the nearest dollar.

**NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY  
FOR THE PERIOD ENDED 31 DECEMBER 2025**

**NOTE 2  
EXPLANATION OF MATERIAL VARIANCES**

The material variance thresholds are adopted annually by Council as an indicator of whether the actual expenditure or revenue varies from the year to date Actual materially.

The material variance adopted by Council for the 2025-26 year is \$11,000 or 10.00% whichever is the greater.

Nature or type	Var. \$	Var. %	Explanation of positive variances			Explanation of negative variances	
			Timing	Permanent	Timing	Permanent	
<b>Surplus or deficit at the start of the financial year</b>	\$ 196,357	24.57%	▲		The actual surplus carried forward is currently larger than budgeted. The variance will be taken into account when preparing the annual budget review.		
<b>Revenue from operating activities</b>							
Interest revenue	(28,077)	(47.30%)	▼				Interest earnings on term deposits budgeted to be received monthly and the interest on the term deposits is actually going to be received at maturity.
Other revenue	28,826	90.53%	▲	Other revenue items coming in ahead of budget.	Credit received for engine repairs carried out on backhoe in prior years.		
<b>Expenditure from operating activities</b>							
Materials and contracts	69,000	8.31%		Various material and contract costs running behind budget phasing.			
Utility charges	17,369	13.21%	▲	Actual expenditure of utility charges currently behind budget phasing.			
Depreciation on non-current assets	(399,079)	(34.87%)	▼				Budgeted depreciation for 2025/26 is less than actuals YTD. Depreciation will be adjusted at mid-year budget review.
Other expenditure	(25,804)	(197.97%)	▼				Council sitting fees budgeted to be paid in February, but actually paid in December.
Loss on disposal of assets	(157,942)	0.00%	▼				
Non-cash amounts excluded from operating activities	543,598	47.24%	▲	Budgeted depreciation for 2025/26 is less than actuals YTD. Depreciation will be adjusted at mid-year budget review.			Demolition of café and bookshop and subsequent disposal from asset register.
<b>Investing activities</b>							
Proceeds from capital grants, subsidies and contributions	213,154	14.58%	▲				Funding associated with capital projects will be recognised as project expenditure is incurred.
Proceeds from disposal of assets	58,544	53.22%	▲		Two lots of vacant land sold which were not budgeted for.		
<b>Financing activities</b>							
Transfer from reserves	(150,000)	(100.00%)	▼				Transfer from reserve will be completed when the Reserve Term Deposit matures
<b>Surplus or deficit at the end of the financial year</b>	574,165	89.37%	▲	Current position is favourable compared to budgeted position.

**KEY INFORMATION**

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Bank overdrafts are reported as short term borrowings in current liabilities in the statement of net current assets.

The local government classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

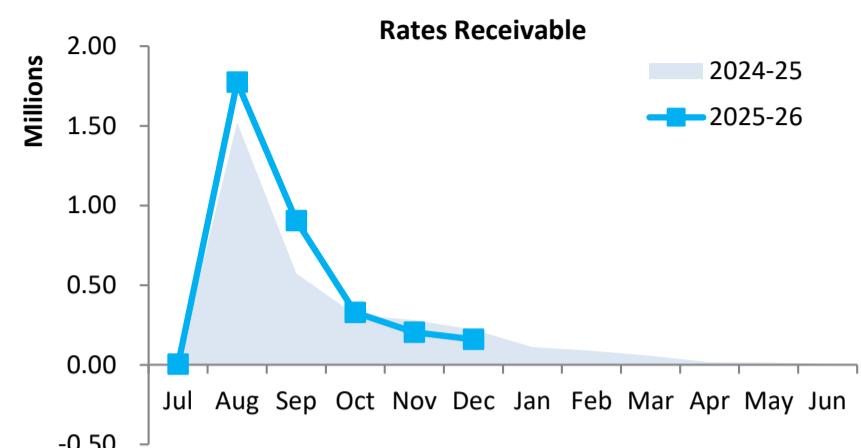

Financial assets at amortised cost held with registered financial institutions are listed in this note other financial assets at amortised cost are provided in Note 4 - Other assets.

#### KEY INFORMATION

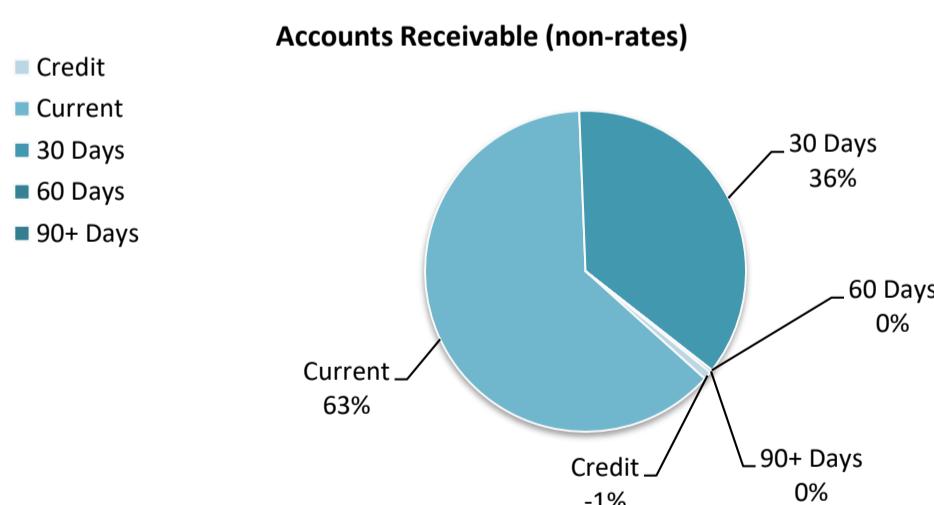

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectable amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

#### Classification and subsequent measurement

Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates receivable after the end of the reporting period are classified as non-current assets.

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the Shire measures them subsequently at amortised cost using the effective interest rate method.

**Inventory**

Inventories are measured at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

**Contract assets**

A contract asset is the right to consideration in exchange for goods or services the entity has transferred to a customer when that right is conditioned on something other than the passage of time.

#### KEY INFORMATION

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the period that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

**KEY INFORMATION**

Prepaid rates are, until the taxable event for the rates has occurred, refundable at the request of the ratepayer. Rates received in advance give rise to a financial liability. On 1 July 2021 the prepaid rates were recognised as a financial asset and a related amount was recognised as a financial liability and no income was recognised. When the taxable event occurs the financial liability is extinguished and income recognised for the prepaid rates that have not been refunded.

#### SIGNIFICANT ACCOUNTING POLICIES

Each class of fixed assets within either plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Financial Management Regulation 17A (5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

#### Initial recognition and measurement for assets held at cost

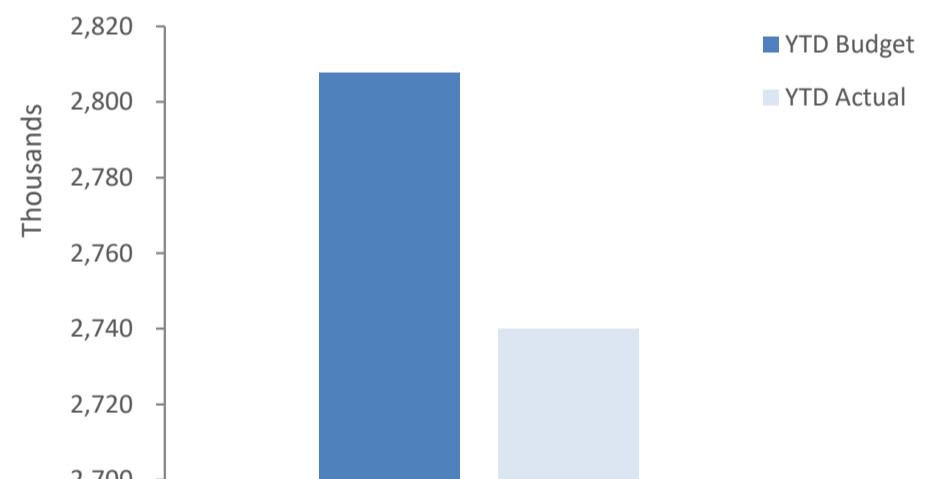

Plant and equipment including furniture and equipment is recognised at cost on acquisition in accordance with *Financial Management Regulation 17A*. Where acquired at no cost the asset is initially recognise at fair value. Assets held at cost are depreciated and assessed for impairment annually.

#### Initial recognition and measurement between

#### mandatory revaluation dates for assets held at fair value

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

#### Payments for Capital Acquisitions

**NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY  
FOR THE PERIOD ENDED 31 DECEMBER 2025**

**FINANCING ACTIVITIES**  
**NOTE 11**  
**LEASE LIABILITIES**

The Shire does not have any lease liabilities to report.

**KEY INFORMATION**

At inception of a contract, the Shire assesses if the contract contains or is a lease. A contract is or contains a lease, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. At the commencement date, a right of use asset is recognised at cost and lease liability at the present value of the lease payments that are not paid at that date.

The lease payments are discounted using that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Shire uses its incremental borrowing rate.

All contracts classified as short-term leases (i.e. a lease with a remaining term of 12 months or less) and leases of low value assets are recognised as an operating expense on a straight-line basis over the term of the lease.

#### KEY INFORMATION

##### Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

##### Employee Related Provisions

###### Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the calculation of net current assets.

###### Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as employee related provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur. The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

##### Contract liabilities

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer.

##### Capital grant/contribution liabilities

Grants to acquire or construct recognisable non-financial assets to identified specifications be constructed to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.

## **CODE OF CONDUCT – STATUTORY ENVIRONMENT**

This Code of Conduct observes statutory requirements of the Local Government Act 1995 (s. 5.103 – Codes of Conduct) and Local Government (Administration) Regulations 1996 (regs 34B and 34C), Local Government Regulations Amendment (Employee Code of Conduct) Regulations 2021 (Employee Code of Conduct Regulations)

## **WHAT IS THE CODE OF CONDUCT**

The Council is the elected body responsible for the administration of the local government in accordance with the applicable legislation. It must do that in the best interests of the local community as well as the public in general. The conduct of Council employees must not only be based upon the highest ethical principles, it must be seen to be consistent with those principles.

The Code of Conduct therefore provides a *framework for behaviour* that must be observed in the wide range of interactions and scenarios experienced in the conduct of local government activities on a daily basis.

This Code of Conduct provides staff in the Shire of Mukinbudin with consistent guidelines for an acceptable standard of professional conduct. The Code addresses in a concise manner the broader issue of ethical responsibility and encourages greater transparency and accountability in the Shire of Mukinbudin.

## **WHY HAVE A CODE OF CONDUCT?**

A Code of Conduct is a significant guide to the local government, necessary due to the particular relationships and responsibilities that arise from being a public institution.

Local Government Employees are custodians of public resources and trust. In order to continue the effective and efficient administration of this public institution, a set of standards is important to clearly outline these responsibilities and the behaviours that need to be observed to retain the good faith and trust of all parties involved.

## **AIM OF A CODE OF CONDUCT**

This Code seeks to provide a framework within which Council employees should operate to ensure accountability to the community.

The Code complements (and does not in any way substitute for) legislation applicable to local government. It provides guidance to parties involved in, empowered by and entrusted by public duty and public office, particularly in regard to conflicts that may arise in the performance of duties in the sphere of government and public administration.

The Code provides a guide and a basis of expectations for staff. It encourages a commitment to ethical and professional behaviour and outlines principles in which individual and collective responsibilities may be based.

The Code recognises local government duties, responsibilities and values in relation to access, equity and open and accountable government. Therefore, the Code purports to cultivate, advocate and develop within local government an awareness of propriety with public administration.

## **ENFORCEMENT OF THE CODE**

Any Council employee having concerns with regard to an actual perceived, potential, intended or unintended breach of either specific provisions or the spirit of the Code of Conduct, or any provisions of the *Local Government Act 1995* or such regulations or local laws created thereunder, should discuss those concerns with the Chief Executive Officer.

Such reports shall be treated in the strictest confidence until such time as an appropriate investigation has been undertaken.

Any actions taken as a result of a breach will be made in accordance with the provisions of any applicable legislative requirements and the local government's responsibilities as an employer.

It should be noted that the *Corruption and Crime Commission Act 2003* requires the reporting to the Commission by all public sector agencies of suspected "misconduct" within their agency. Definition of "misconduct" is provided in the Act and appears as an annexure to this Code.

## **1 ROLES**

### **1.1 Role of Staff**

The role of staff is determined by the functions of the CEO as set out in s5.41 of the *Local Government Act 1995*;

"The CEO's functions are to –

- (a) Advise the Council in relation to the functions of a local government under this Act and other written laws;
- (b) Ensure that advice and information is available to the council so that informed decisions can be made;
- (c) Cause council decisions to be implemented;
- (d) Manage the day to day operations of the local government;
- (e) Liaise with the mayor or president on the local government's affairs and the performance of the local government's functions;
- (f) Speak on behalf of the local government if the mayor or president agrees;

- (g) Be responsible for employment, management supervision, direction and dismissal of other employees (subject to s5.37(2) in relation to senior employees);
- (h) Ensure that records and documents of the local government are properly kept for the purposes of this Act and any other written law; and
- (i) Perform any other function specified or delegated by the local government or imposed under this Act or any other written law as a function to be performed by the CEO."

## **1.2 Principles affecting employment by the Shire of Mukinbudin**

The principles set out in section 5.40 of the Act apply to the employment of the Shire of Mukinbudin's employees:

- (a) employees are to be selected and promoted in accordance with the principles of merit and equity; and
- (b) no power with regard to matters affecting employees is to be exercised on the basis of nepotism or patronage; and
- (c) employees are to be treated fairly and consistently; and
- (d) there is to be no unlawful discrimination against employees or persons seeking employment by the City on a ground referred to in the Equal Opportunity Act 1984 or on any other ground; and
- (e) employees are to be provided with safe and healthy working conditions in accordance with the Occupational Safety and Health Act 1984; and
- (f) such other principles, not inconsistent with this Division, as may be prescribed.

## **1.3 Role of Council**

The Role of Council is in accordance with s2.7 of the *Local Government Act 1995*;

"(1) The council governs the local government's affairs and, as the local government's governing body, is responsible for the performance of the local government's functions.

(2) Without limiting subsection (1), the council is to –

- (a) Oversee the allocation of the local government's finances and resources; and
- (b) Determine the local government's policies."

## **2 CONFLICT AND DISCLOSURE OF INTEREST**

### **2.1 Conflict of Interest**

- (a) Staff will ensure that there is no actual (or perceived) conflict of interest between their personal interests and the impartial fulfilment of their professional duties.
- (b) Staff will not engage in private work with or for any person or body with

---

an interest in a proposed or current contract with the Council, without first making disclosure to the Chief Executive Officer. In this respect, it does not matter whether advantage is in fact obtained, as any appearance that private dealings could conflict with performance of duties must be scrupulously avoided.

- (c) Staff will lodge written notice with the Chief Executive Officer describing an intention to undertake a dealing in land within the municipality or which may otherwise be in conflict with the Council's functions (other than purchasing the principal place of residence).
- (d) Staff who exercise a recruitment or other discretionary function will make disclosure before dealing with relatives or close friends and will disqualify themselves from dealing with those persons.
- (e) Staff will refrain from partisan political activities which could cast doubt on their neutrality and impartiality in acting in their professional capacity.

An individual's rights to maintain their own political convictions are not impinged upon by this clause. It is recognised that such convictions cannot be a basis for discrimination, and this is supported by anti-discriminatory legislation.

## **2.2 Secondary Employment**

An employee must not engage in any form of secondary employment with another organisation, whether paid or unpaid, without the prior written approval of the Chief Executive Officer (CEO). Secondary employment must not conflict, or be reasonably perceived to conflict, with the employee's duties, obligations, or the interests of the Local Government, nor adversely affect the employee's performance.

Employees must ensure compliance with the principles affecting employment under section 5.40 of the *Local Government Act 1995 (WA)* and must avoid any actual, potential, or perceived conflict of interest. An employee must not use Local Government time, resources, information, or their position for the benefit of any secondary employment.

Approval may be withdrawn or varied at any time and employees must promptly disclose any change in circumstances relating to approved secondary employment. Failure to comply with this clause may result in disciplinary action, up to and including termination of employment.

Please refer to the "Application for Secondary Employment Form" for the full list of activities that constitute secondary employment. This form can be obtained from the Manager of Corporate Services.

## **2.3 Financial Interest**

- (a) Staff will adopt the principles of disclosure of financial interest as contained within the *Local Government Act 1995*.
- (b) Staff who have been delegated a power or duty, have been nominated as "designated employees" or provide advice or reports to Council or Committees, must ensure that they are aware of, and comply with, their statutory obligations under the Act.

## 2.4 Disclosure of Interests Relating to Impartiality

### **[interest —**

(a) means an interest that could, or could reasonably be perceived to, adversely affect the impartiality of the person having the interest; and  
(b) includes an interest arising from kinship, friendship or membership of an association.

*[r.19AA of the Local Government (Administration) Regulations 1996]]*

(a) *An employee who has an interest in any matter to be discussed at a Council or Committee meeting attended by the employee is required to disclose the nature of the interest:*

(i) *in a written notice given to the CEO before the meeting; or*  
(ii) *at the meeting immediately before the matter is discussed.*

(b) *An employee who has given, or will give, advice in respect of any matter to be discussed at a Council or Committee meeting not attended by the employee is required to disclose the nature of any interest the employee has in the matter:*

(i) *in a written notice given to the CEO before the meeting; or*  
(ii) *at the time the advice is given.*

(c) *A requirement described under (a) and (b) excludes an interest referred to in Section 5.60 of the Act.*

(d) *An employee is excused from a requirement made under (a) or (b) to disclose the nature of an interest because they did not now and could not reasonably be expected to know:*

(i) *that they had an interest in the matter; or*  
(ii) *that the matter in which they had an interest would be discussed at the meeting and they disclosed the nature of the interest as soon as possible after the discussion began.*

(e) *If an employee makes a disclosure in a written notice given to the CEO before a meeting to comply with requirements of (a) or (b), then:*

(i) *before the meeting the CEO is to cause the notice to be given to the person who is to preside at the meeting; and*  
(ii) *at the meeting the person presiding must bring the notice and its contents to the attention of persons present immediately before a matter to which the disclosure relates is discussed.*

(f) *If:*

(i) *to comply with a requirement made under item (a), the nature of an employee's interest in a matter is disclosed at a meeting; or*  
(ii) *a disclosure is made as described in item (d)(ii) at a meeting; or*  
(iii) *to comply with a requirement made under item (e)(ii), a notice disclosing the nature of an employee's interest in a matter is brought to the attention of the persons present at a meeting, the nature of the interest is to be recorded in the minutes of the meeting.*

## 2.5 Use and Disclosure of Information

(a) Employees must not access, use or disclose information held by the Shire except as directly required for, and in the course of, the performance of their duties.

(b) Employees will handle all information obtained, accessed or created in the

---

course of their duties responsibly, and in accordance with this Code, the Shire's policies and procedures.

(c) Employees must not access, use or disclose information to gain improper advantage for themselves or another person or body, in ways which are inconsistent with their obligation to act impartially and in good faith, or to improperly cause harm, detriment or impairment to any person, body, or the Shire.

(d) Due discretion must be exercised by all employees who have access to confidential, private or sensitive information.

(e) Nothing in this section prevents an employee from disclosing information if the disclosure:

- (i) is authorised by the CEO or the CEO's delegate; or
- (ii) is permitted or required by law.

### **3 PERSONAL BENEFIT**

#### **3.1 Use of Confidential Information**

Staff will not use confidential information to gain improper advantage for themselves or for any other person or body, in ways which are inconsistent with their obligation to act impartially, or to improperly cause harm or detriment to any person or organisation.

#### **3.2 Intellectual Property**

The title to Intellectual Property in all duties relating to contracts of employment will be assigned to the Local Government upon its creation unless otherwise agreed by separate contract.

#### **3.3 Record Keeping**

Staff will ensure that complete and accurate local government records are created and maintained in accordance with the Shire of Mukinbudin's Record Keeping Plan.

#### **3.4 Improper or Undue Influence**

- a) Employees will not take advantage of their position to improperly influence Council Members or employees in the performance of their duties or functions, in order to gain undue or improper (direct or indirect) advantage or gain for themselves or for any other person or body.
- b) Employees must not take advantage of their position to improperly influence any other person in order to gain undue or improper (direct or indirect) advantage or gain, pecuniary or otherwise, for themselves or for any other person or body.
- c) Employees must not take advantage of their positions to improperly disadvantage or cause detriment to the local government or any other person.
