MAINTENANCE GRADING.

All roads south of Forest Ave to the Koorda – Bullfinch Rd and East of the Mt Marshall Boundary as far as Copeland Rd Nth were graded prior to Will taking time off. There is currently no grading work being done at the present.

CARAVAN PARK ELECTRICAL AND SEWER UPGRADE.

The Backhoe, small Truck, Skid Steer and Operator have been involved with this work. Major trenching, spoils removal, importing sand fill and backfilling work has taken about three weeks. The Local Plumber and Electrician have been working with the Shires` Maintenance Officer with this upgrade.

BARBALIN BLACKSPOT RE - ALIGNMENT

The various Departments involved finally gave their approval for work to start on the 6th of October. Members of the interested parties were on site on that date and stayed for a few days to make sure that we followed their instructions.

The section West of the Barbalin Nth Rd was opened up first. The surveyed route was boxed out and filled to grade with the gravel fill that had been stockpiled on the earlier route which was abandoned some six years prior to this start-up date.

A dam on this section was cleaned out using Bruce Atkins` purpose equipped loader. Ray Whyte's` dozer was used to backfill, while the Shires` water truck and vibe roller provided the compaction. Grant Whyte has made available the fill required for the Project, this was pushed up with Ray Whyte's Dozer. Finishing gravel will be provided by Murray Ventris, this will be pushed up using Nic Sparks` Dozer. Bruce Atkins is supplying a semi- water tanker on an as need basis.

The Shires` DAF rigid / 5 axle side tipper unit, 6 wheel tip truck, Loader, grader and vibe roller are currently engaged in carting, spreading, and compacting the imported fill.

Bruce Atkins has been given the job to remove any trees and scrub covered in the "Clearing Permit".

The Shire staff are monitoring the levels and alignment set up in the initial survey.

The crew numbers are very light on with only three operators available.

STRUGNELL STREET RAV RATING

Weights and Measures have once again stopped the RAV listed Grain Trucks from using Strugnell St. making them use Shadbolt St. as the RAV rated route to the CBH Grain Receival Facility.

A request was lodged with HVO to include Strugnell and Clamp Street on the Inventory on the 7th March 2014. The streets were inspected on Monday the 10th November, it is unsure when the application will be processed.

Community Development

GRANT FUNDING PROJECTS:

Current Successful Projects:

- Seniors Week for Senior Dinner to held in the Shed during Seniors Week applied for \$1,500 – successful for \$1,000
- ANZAC Centenary Local Grants Program Interpretive Centre at Popes Hill applied for \$3,135.00
- Community Pools Revitalisation Program (CEO applied for this) \$30,000

Submitted Applications:

Lottererywest – Popes Hill Interpretive Site – applied for \$4,500 ex GST. Have been advised
by email that the Lotterywest Grant Officer has recommended to the Board that the full
amount be approved. We are waiting for the boards decision.

Applications in Progress:

- Lotterywest Equipment Grant Mukinbudin 1950's Working Farm Shed still a work in progress
- Lotterywest Events Equipment Kit.
- Lotterywest Spring Festival 2015 Ruth has compiled all the quotes for travel and advertising so this will be an urgent one to submit

Completed Acquittals:

None outstanding at present.

Community Portfolios/Other Projects:

- **Swimming Pool** An order number has been issued to Mukinbudin Steel Fabricators for the supply & install of the diving board stairwell. This has been basically built but due to other work commitments, farmers breakdowns etc Mukinbudin steel Fabricators were unable to have this installed this by opening. The finishing touches should be done this week with the installation hopefully the week of the Council Meeting. The stairwell will then need to be equibonded by an electrician.
- Whilst I was on leave Stuart applied for \$30,000 for the Community Pools Revitalisation Program. This was for disabled unisex ablution block and diving board stairs \$22,500, training \$2,500 and \$5,000 new pool cleaner. Previously I obtained three quotes with two of these substantially dearer than Fabco. Fabco is recommended by Julian Goldacre our previous EHO as he has had experience with the three companies that we received quotes from. Their original quote was for \$11,420.00 with an extra \$744.00 being quoted for a sola light in lieu of a hardwired light. As the quotes were some time ago I have requested an updated quote and plans to be submitted. The quote is inserted below. This does not include

delivery or installation. I have had a verbal quote from Mukinbudin Transport to freight the unit for \$500 plus GST. Palm Plumbing will be asked for a quote to install the system once plans have been received from Fabco.

The original grant was for disabled unisex ablution block and diving board stairs \$22,500, training \$2,500 and \$5,000 new pool cleaner.

Quotes to date are

Stairwell \$10,700 plus GST
Unisex disabled toilet unit \$12,764 plus GST
Freight for above unit \$500 plus GST

\$23,964

Extras needed:

Plumbing

Fence Removal/erection

Paved path to unit

We can no longer claim training as this grant is not retrospective. I am submitting a variation to the Department of Sport and Recreation for the training component to be added to the ablution block.

Mukinbudin Caravan Park -

There has been several on site meetings to discuss the power points and drainage points for the powered sites. We have involved Luke & Tania in these meetings seeking their experience and asking them to guide us in the placement of these points. On the Western Boundary these points will be just inside the boundary and we have tried to achieve approximately 7m bays (depending on the placement of existing trees). The EHO Contractor has held talks with both Denis and Matt Palm and it is hoped that both Denis & Matt will address the meeting to give you an update.

Act Belong Commit Mukinbudin Spring Festival –
The committee has had a preliminary meeting
regarding this and has advertised in the Muka Matters
for expressions of interest for the Coordinator/s
position/s

Tampu Bin – I have emailed Graham McLevie
information for the sign however have not heard back
yet. I have spoken verbally to him but need him to check my information before proceeding.

Beringbooding Tank – Roof

As mentioned previously Aqua Amour has been taken over by a company called Venture. Hydro Terra is distributing Aqua Armour. I have forwarded all the quotes to Richard to see if these are now still current considering the change in company structure. I also asked Richard if they had someone to send over to inspect the tank. Richard will review the quotes that we have received and re quote if necessary. He has advised that they can send someone over to inspect Beringbooding Tank and will re quote this as well. I have given several emails to Richard who has only answered once to say they have been very busy but will address the quotes soon.

Popes Hill Anzac Interpretive Site – I will now be working on appropriate signage for this
project. As mentioned at a previous meeting I need feedback from Council as to whether this
will be sited at the proposed site or at the actual site of the railway as recommended by
Jocelyn Maddock.

NEWTRAVEL

The AGM meeting was held in Bencubbin on Thursday 23rd October 2014 and attended by Stuart. Due to covering Katharines position whilst she has been on leave I did not attend.

- **Drive ins** The Shire of Koorda has bought a second hand projector for approximately \$50,000 with installation expecting to be approximately \$18,000. They have been unable to get funding for the purchase of the projector but are trying for some funding to go towards the installation costs. They need to dust proof their bio box and aircondition this as well. I contacted their CEO David Burton to see if there was a possiblity that we could hire their projector to run our drive-in several times a year. David has advised us that the projector is very large, and is not moveable so they are not interested in hiring this out.
- The National Stronger Regions Fund is an initiative to boost social and economic development in Australia's regions by funding priority infrastructure projects in local communities. The Australian Government has committed \$1 billion to the fund over five years commencing from 2015–16. Funding will be provided for capital projects which involve construction of new infrastructure, or the upgrade, extension or enhancement of existing infrastructure. Projects selected for funding should deliver an economic benefit to the region beyond the period of construction, and should support disadvantaged regions or areas of disadvantage within a region.

Local Government and incorporated not-for-profit organizations are eligible to apply for grants of between \$20,000 and \$10 million. Grant funding must be matched in cash on at least a dollar for dollar basis, and the funded part of the project must be completed on or before 31 December 2019. In kind and other organizations contributions do not qualify as matched funding. First round closes on the 28th November 2014. Round two will open on 1 May 2015 and close on 31 July 2015.

These projects if we apply need to be project ready, ie have proper plans drawn up, and a fully costed budget. They also need to comply with the Wheatbelt

1.2. Programme objective and outcomes

The objective of the NSRF is to fund investment ready projects which support economic growth and sustainability of regions across Australia, particularly disadvantaged regions, by supporting investment in priority infrastructure.

The desired outcomes of the programme are:

- improved level of economic activity in regions;
- increased productivity in the regions;
- · increased employment and a more skilled workforce in regions;
- increased capacity and improved capability of regions to deliver major projects, and to secure and manage investment funding;
- improved partnerships between local, state and territory governments, the private sector and community groups; and
- more stable and viable communities, where people choose to live.

Not all projects will be able to contribute to each desired outcome, however collectively the projects will meet the NSRF objectives and desired outcomes.

- Royalties for Regions Wheatbelt Regional Grants Scheme and Community Chest The Wheatbelt Development Commission is NOW calling for applications to the 2014-15
 Wheatbelt Regional Grants Scheme and Community Chest FundGrants are available in
 the following categories:
- Wheatbelt Regional Grants Scheme (WRGS)

Grants are from \$20,001 to \$300,000.

Applications close at 4.30pm on Thursday, 11 December 2014.

The Scheme provides grants for infrastructure projects, project development activities, non-capital projects such as community development activities, establishment of new services and increasing access to information.

Grant funding is also available to assist with costs associated with headworks undertaken by essential service providers to connect businesses to water, electricity, gas, telecommunications, drainage and sewerage.

Wheatbelt Community Chest Fund

Grants are up to and including \$20,000.

Applications may be submitted at any time until all monies are exhausted.

The Community Chest Fund provides grants for smaller community projects including but not limited to events, community enhancements and project planning.

Applicants will be required to demonstrate that their project aligns with one or more of the Royalties for Regions WRGS and Community Chest Fund objectives and the Wheatbelt Development Commission priorities. The Community Resource Centre intends to make an application for this Grant.

What are the WRGS and Community Chest Fund objectives?

The primary objective of the Scheme is to improve economic and community infrastructure and services in the Wheatbelt Region through funding projects that will assist in attracting investment, increasing jobs and improving the quality of life in the region.

Funding is available to assist the development of infrastructure, services and community projects, and in the broad development of the community, including the establishment of services and programs. Funding is intended to support the development of resilient communities and contribute to regional areas being vibrant and interesting places in which to live. The scheme's broad objectives are to:

- Increase capacity for local strategic planning and decision-making
- · Retain and build the benefits of regional communities;
- Promote relevant and accessible local services;
- Assist communities to plan for a sustainable economic and social future;
- Enable communities to expand social and economic opportunities; and
- Assist regional communities to prosper through increased employment opportunities, business and industry development opportunities, and improved local services.

Who is eligible for WRGS and Community Chest Fund programs?

- Local governments
- Voluntary organisations
- Educational institutions
- Philanthropic foundations
- Community organisations
- State and Federal government agencies (may apply but projects deemed to be within their core business functions will not be supported)

The funding programs are not intended to provide support to individuals or businesses.

What are the assessment criteria?

- The project must demonstrate how it addresses a recognised need within the community and/or Region.
- The project must demonstrate that it will contribute to achieving at least one of the Royalties for Regions' objectives.
- The project should demonstrate alignment with existing regional strategic planning (see Section F item 5, pg6 of the guidelines).
- Applicants should demonstrate a financial commitment to the project, either through sourcing other project funding and/or a direct financial contribution.
- The project should have the support of local government/s and/or other key regional stakeholders.
- The project should promote partnerships and joint planning (i.e. between the community/business sector and government; across various levels of government or across communities).
- The project should reflect a commitment to local decision-making and planning.
- The proponent should demonstrate that detailed project planning has been completed (including all approvals being in place or able to be in place in a short timeframe), the project is ready to proceed and that it can be completed in a timely manner. (Please note: This criterion will not preclude applications for feasibility studies and business planning.)

What are the priorities of the Wheatbelt Development Commission?

Priority will be given to projects that demonstrate alignment with existing regional strategic planning.

Once again we will need a project ready to go and one that also aligns with the relevant documents such as the Wheatbelt blue print.

Defibrillators

After last meeting I investigated with Peter Geraghty the possibility of getting defibrillators through him as a grant. Peter advised that they have no means of obtaining grant funding for another defibrillator and that the Shire of Mukinbudin had already received one via a grants system. He did however advise that we could order them through the Kununoppin Sub Branch of the St Johns Ambulance.

After last Council meeting we have had a community member generously come forward and offer to cover the full cost of the defibrillator. This was ordered through St Johns Ambulance Kununoppin Sub Branch, has been delivered and is at the pool. The donor wishes to remain anonymous, has been invoiced has been paid and has been thanked enormously for their very kind donation.

• West Australian Mandolin Orchestra

Cath Shackleton and their musical director Robert Schulz had been up to Mukinbudin and is keen to perform at the Mukinbudin Complex. She is seeking the assistance of a community group to sell tickets and cater for this. I have suggested the P & C and this will be taken to the next P & C Meeting.

Background

The Shire of Mukinbudin has received two offers for Purchase of 11 Greenslade St Mukinbudin. Please refer to two confidential offers submitted as separate attachments

- 1. Mr Joe Lagana and Or Nominee
- 2. Mr Ranjit Singh Kataria

The Shire of Mukinbudin at its 19 March 2014 Ordinary Council Meeting item 8.4.6 resolved the following:

"That Council:

- 1. proceeds to sell (2) properties A365, A352 which have rates in arrears of 3 or more years, and recover from the proceeds of sale the outstanding balances which total \$24,254.64. The CEO to serve both properties Form 2 and attach Form 3 to a conspicuous part of the land in order to take possession of the land.
- 2. Issue a Statewide public notice (Form 5) of the sale in the West Australian Newspaper
- 3. Register at Landgate, a Memorial of the Statewide Public Notice
- 4. Appoints a public auction date to occur on or around 27 May 2014 for both properties."

The Shire of Mukinbudin Advertised the Auction of the two properties in the West Australian newspaper in the Form 5 format and registered with Landgate a Memorial of Advertisement. An Auction was held at the Shire of Mukinbudin Offices at 3.00pm on 27 May 2014 by Mr P Sippe from Elders. Both properties were passed in due to no bids being made

Department of Local Government Guideline number 22 extract below states:

Transfer of the Land to the Crown or to the Local Government

Where the land has been offered for sale for non payment of rates or service charges and a contract of sale has not been entered into at the expiration of 12 months from the date that the land is offered for sale by public auction notice (Form 5), the land may be transferred in fee simple, to the Crown in right of the State or to the local government. The transfer is subject to the Transfer of Land Act 1893, or by deed when it is not covered by the Transfer of Land Act 1893. (s.6.71(1); Sch. 6.3)

The local government must have taken possession of the land. (See 3.3)

Upon transfer to the Crown or to the local government, all encumbrances affecting the land are of no further force or effect against the land and the Registrar of Titles or Registrar of Deeds is to remove all encumbrances from the title to the land. (s.6.71(2))

A Transfer (Landgate Form T5) executed by the local government using its common seal is used for transfers of land that is under the *Transfer of Land Act* 1893 (to either the Crown under section 6.71(1)(a) or to the local government under section 6.71(1)b)).

Sch 6.3 Clause 3 LG Act 1995

3. Power of sale

The power of sale includes —

- (a) power to sell the whole or part of the land either together or in lots
 - (i) by public auction; or
 - (ii) by private contract, if having been offered for sale by public auction, it has not been sold,
 - subject to such terms and conditions with respect to the payment of the purchase money or any other matter, including power to fix a reserve price, as the local government thinks fit; and
- (b) power to vary a contract of sale by agreement with the other party to the contract, and to buy in at auction; and
- (c) power to rescind a contract for sale on default by the other party to the contract, and to resell without being answerable for loss occasioned by the rescission and resale; and
- (d) power to make such thoroughfares and to grant such easements of right-of-way or drainage over the land as the circumstances of the case require and the local government thinks fit.

Council at the 18 June 2014 Ordinary Council Meeting Item 8.4.4 resolved the following:

Council Decision Number - 1090

11 Greenslade St Mukinbudin currently owes \$9,616.06 in rates, fees and charges including the Emergency Services Levy (Please refer to separate attachment for a breakdown) It is interesting to note the legal fees exceed \$4,000 making up the majority of the outstanding \$9,000. The Shire should review its Debt collection process to avoid this occurring in the future.

Background

The Shire of Mukinbudin has been working with other NEWROC and WEROC Shires to progress the CEACA Project which proposes the construction of approximately 211 independent aged living units across the member shires. (CEACA Site analysis Summaries also attached as a separate attachment).

As part of the project, WEROC has been progressing the formation of an incorporated body (Wheatbelt Communities Inc) to administer the funding (possibly Royalties for Regions) for this and other future projects. The incorporated body will have less governance and legislation to work with as opposed to forming a Regional Local Government and will have the right to be able to enter into legal agreements as a body.

Comment:

The Draft "Heads of Agreement" document has been drawn to establish a possible partnership for the CEACA project and to assist in the leveraging of funding for the project. (Please refer to Draft HO Agreement submitted as a separate attachment) This partnership will be with the CEACA Member Shires and Access Housing Australia Pty Ltd.

The draft agreement also leads to the possibility to partner with Access Housing Australia Pty Ltd in relation to the ongoing management and development of the units.

Access Housing is a not-for-profit company with the objective of increasing the supply of affordable housing with the management expertise in relation to management of rental housing and development programs.

In order for formalise the arrangements between CEACA and Access Housing a Heads of Agreement document has been developed (Attachment 1) which details the basis under which both parties will progress the CEACA project. While the document may require amendment following the establishment of Wheatbelt Communities Inc., Council's support is sought to enter into the Agreement with Access Housing.

Several changes are required to the draft document before it can be signed off (NEWROC shires are just listed as 'others' and the agreement refers to CEACA and WEROC in various places). It should be noted however, that under clause 4.1 that this document is only a statement of intent and does not lock the Shires into a formal legal agreement. This may be in direct conflict with Clause 6.3a which states "The Parties has agree in principle that WEROC will engage Access Housing on a fee for services basis to provide professional services to assist in the operation of the Housing Organisation and delivery of the proposed development as funded by Royalties for Regions, subject to satisfactory agreement re scope and remuneration" which is only an in principle agreement, but seems to be forcing a direction. 'May' should be substituted for 'will'.

The recommendation is for the Heads of Agreement document to be supported "in principle" by the Shire of Mukinbudin as a CEACA Member and Access Housing Australia Pty Ltd. The actual adoption of the document will be presented once the document is finalised.

Strategic Implications

Long Term Financial Plan Community Strategic Plan

Additional Aged Accommodation is listed in the Strategic Community Plan for the Shire of Mukinbudin. Participation in this agreement may lead to funding for the program and assist with this need.

Introduction

Shire of Mukinbudin currently operates 5 Wards with the following representation in each ward

Ward	Number of Councillors
Bonnie Rock	2
Lake	1
Brown/Dandanning	
Town	4
Wattoning	1
Wilgoyne	1
Total	9

The last review was conducted in February 2013 but the paperwork's appears to have not been finalised with the Local Government Advisory Board. Previously to this review a review was carried out in September 2012. Each review resulted in minor boundary adjustments to correct Representation variation to within 10%.

Background

The Shire of Mukinbudin has received correspondence form the Department of Local Government and Communities Local Government advisory board dated 16 May 2014, requesting the Shire conduct a review of Ward boundaries to address imbalances in representation in accordance with clause 6(1) of Schedule 2.1. (Please refer to letter submitted as a separate attachment.)

October 2011

Ward	Number of	Number of Electors	Councillor to Elector	% Ratio Deviation
	Councillors		Ratio	
Bonnie Rock	2	86	43	+3.01%
Lake	1	32	32	+27.82%
Brown/Dandanning				+27.62%
Town	4	186	47	-4.89%
Wattoning	1	52	52	-17.29%
Wilgoyne	1	43	43	+3.01%
Total	9	399	44	

October 2013

Ward	Number of Councillors	Number of Electors	Councillor to Elector Ratio	% Ratio Deviation
Bonnie Rock	2	82	41	+4.65%
Lake	1	35	35	+18.60%
Brown/Dandanning				+10.0070
Town	4	181	45	-5.23%
Wattoning	1	46	46	-6.98%
Wilgoyne	1	43	43	-0.00%
Total	9	387	43	

As at 28 Oct 2014

Ward	Number of	Number of Electors	Councillor to Elector	% Ratio Deviation
	Councillors		Ratio	
Bonnie Rock	2	77	38	+8.55%
Lake	1	31	32	+23.99%
Brown/Dandanning				+23.99%
Town	4	181	45	-7.48%
Wattoning	1	46	46	-9.26%
Wilgoyne	1	44	44	-4.51%
Total	9	379	42	

The above charts show a slow overall decline in elector population from 399 electors in 2011 to 379 in Oct 2014 a reduction of 5.2% in elector numbers.

The Review Process

The Shire is required by the Local Government Act and the Local Government Advisory Board to conduct a Ward Boundary Review, produce a Discussion Paper and advertise the discussion paper for a minimum of 6 weeks in the Local Public Notice in the Muka Matters paper seeking public comment. (A draft Discussion paper has presented as a separate attachment for Council consideration of Approval) If required community workshop can also be arranged for public consultation.

Surrounding Shires currently operate as follows:

Shire	Operates Wards System	Number of Councillors
Shire of Mukinbudin	Yes 5 wards	9
Shire of Nungarin	Yes 3 wards	7
Shire of Trayning	No	7
Shire of Koorda	No	7
Shire of Mt Marshall	No	7
Shire of Wyalkatchem	No	7
Shire of Westonia	No	6

Changes to Wards and Representation

Under Schedule 2.2 of the Act, local governments with wards must conduct regular reviews of ward boundaries of representation in consultation with their communities.

The Local Government Advisory Board considers the outcome of these reviews and ensures that the local governments have complied with the Act.

Where after a review, a local government proposes to change its system of representation the Board must be satisfied that the Council has correctly considered the following criteria:

Community of interest

Physical and topographic features

Demographic trends

Economic factors

The ratio of councillors to electors in the various wards

If it is not satisfied that this criteria has been taken into account it may ask the local government to reconsider its decision or to do a further review.

The Board must recommend to the Minister any proposal that in its opinion correctly takes account of the above criteria. The Minister may accept or reject the Board's recommendation but cannot change it.

The Trend in many WA Country Local Governments in to now abolish the Wards system due to several factors:

- The onerous administrative burden of keeping the ward representation number within 10% variation. The smaller the population falls the harder this requirement is to meet.
- Ward Accounting was abandoned decades ago. Elected members represent the entire shire and no longer just represent a single ward they were are elected.

The Draft discussion paper covers the various options and the pro and cons of each option.

Background:

Council has been invited to provide comment on an application for approval for the subdivision and realignment of the Barbalin North Road. Council is also the proponent for the application.

(See letter and plan submitted as a separate attachment)

Comment:

Council initially considered this proposal at the June 2014 meeting. The realignment is to address a blackspot and to protect an endangered type of butterfly.

As Council proposes to lease the small acreage of reserve to the local farmer for crops the reserve should be vested in the Shire of Mukinbudin with the power to lease for cropping purposes other than the area set aside to protect the endangered butterfly.

Additionally the comment should be made that the reserve created is not contiguous with the Location north of the road and is a separate lot. This information has been conveyed to Mr Paul Kraft already. The reserve created is cleared land. The report of June 2014 suggests the rehabilitation process proposed for the closed road and it is assumed that the Council will commence that process once all the boxes are ticked for consultation and Department of Environmental Regulation and Department of Lands have provided comment and advice.

8.5.1 Shire of Mukinbudin Town Planning Scheme No4 Lot 25 Maddock St			
Location:	Lot 25 Maddock Street		
File Ref:	A657		
Applicant:	Shire of Mukinbudin		
Date:	12 November 2014		
Disclosure of Interest:	NIL		
Responsible Officer	Stuart Billingham – CEO		
Author:	John Mitchell A/EHO-BS		

Background:

An application has been received to establish an additional two x two bedroom dwellings for aged accommodation on lot 25 Maddock Street, Mukinbudin. The applicant is the Shire of Mukinbudin, 15 Maddock Street, Mukinbudin.

Comment:

The application seeks to establish two x two bedroom treated pine trussed hardieplank clad concrete floored access and mobility units for aged person's accommodation. Draft floor plans and elevations append. The units will also have alfresco entertainment areas and carports.

Lot 25 Maddock Street is zoned residential R12.5/30 which implies that for a 1012m2 lot only three units may be placed on the lot. Part 5 C1.4 permits the site area to be reduced by 1/3 in accordance with clauses 5.5.2 & 5.5.3 of the R Codes. On this basis the average requirements per dwelling are reduced to an average of 200m² which then permits the establishment of the fourth unit.

The proposed units do not meet the DTC provisions of the R Codes and therefore design principles must be used. The areas of nonconformity/limited information are: -

- 1) The size of unit for grouped dwellings (aged) is restricted to 80m².
- 2) A visitors car space is required with the first being wheelchair accessible i.e. 6m x 8.3m width with access paths compliant with AS4299;
- 3) Outdoor living areas of minimum dimensions 3m x 3m;
- 4) A visitable toilet constructed to special requirements including nib walls and grab rails;
- 5) Provision of a balcony or the equivalent opening from a habitable room with an area of 10m² and width minimum of 2.4m with two thirds without permanent roof cover i.e. pergola;
- 6) Two x car parking spaces per dwelling;
- 7) To address privacy issues within the development provide 1.8m colorbond fences between the two units;

The plans provided do not address the issues above and will Council needs to consider the design principles and either accept or reject the proposal. Discussing these in turn:-

a) The size of the unit – the total proposed area is 117m². The decision maker shall not vary the minimum or average site area per dwelling requirement except as provided by the R Codes. In making a determination on the suitability of a proposal the decision maker shall exercise its judgement having regard to a).. b).. c).. and d) orderly and proper planning. The R Codes provide no guidance on the approval of a larger area unit. Energy efficiency (EEF) for small units cannot be measured and fail the 6 star rating pursuant to building codes. Larger units can comply and are

deemed complaint for Energy Efficiency reasons. Local knowledge suggests that the unit size is that sought by retirees for the additional room/area provided. The units are access and mobility compliant and the unit size does not impact on future site development proposals as the area is filled with this development.

- b) Provision of a visitable toilet a toilet is provided within the bathroom of the units proposed. Most occupants only invite friends and family into their home and the additional toilet is deemed not necessary;
- c) A wheelchair accessible visitors bay can be accommodated into the development and will form a condition of consent if agreed by Council;
- d) Outdoor living areas will be provided in accordance with the R Codes 2013:
- e) Two x car parking bays existing developments in Mukinbudin which house aged persons have on average 1 vehicle per dwelling. The town centre is directly behind the development and use of vehicles is minimal. The provision of an additional car parking bay is excessive in the small community environment. Additionally the average house does not need to even supply a carport. Visitors to the units have a choice of parking on formed driveways which provide an additional bay per unit or on the verge of the road which is less than 10m from the front door of the units proposed. No additional bay is deemed required for this development.
- f) Whilst the R Codes privacy issues relate to adjoining properties the R Codes require that each occupier be provided with suitably screened areas for clothes lines and entertainment.

In addition there has been no privately funded development within the town of Mukinbudin for aged accommodation and the Shire has accepted that development role. Previous experience has suggested the development as proposed suits local needs.

As there are modifications required to the plans to ensure the development proceeds it is recommended that the Chief Executive Officer be provided delegated authority to consent to the development with the conditions discussed within this report.

The new park cabin utilities services are being connected, along with powered site installations. We would like to encourage Council to see the long term benefits of removing trees in the way of powered site installations.

The cabins have been well utilised again, but with longer term contractors.

We are still getting complaints about the camp kitchen and lack of stove ventilation & air conditioning!!

Caravaner's are continuing to remind us how the Beacon Caravan Park offers local shopping vouchers for their stay!! e.g. voucher for \$10 to spend locally for approx. 2 nights stay. I don't have an opinion, but have been asked to pass this on!!

Yours Sincerely Tania Sprigg

8.7 Swimming Pool Manager's Report

8.7.1 Mukinbudin Swimming Pool Report September 2014	
Location:	Mukinbudin

Author:	Luke Sprigg

A very big thankyou to Luke and Tania Sprigg, and Kaye Bunney for all their efforts in helping, and educating me with how to run our pool. I have also really appreciated the help given by the shire (especially Denis and Dave) to get everything ready for opening the pool this season. The lawns are looking fantastic which is a big credit to Dave.

I have received all my qualifications and accreditations from Royal Life and Leisure Institute of WA. Kaye, Graeme and myself attended the Leisure Institute of WA conference on 22nd October which was held at the Mukinbudin complex. We had a lot of great comments about our wonderful facilities here in Muka.

The pool opened on Saturday 1st November 2014 and we had approximately 120 people come through the gates. The day ended with a BBQ which saw some of the seniors head down to the pool, and was enjoyed by all. We have had 26 family, 8 adult, and 2 child season passes purchased. The numbers for the early morning swim have been extremely low due to the cold mornings and cold water temperature. The majority of admissions have been between 3.30pm - 6.00pm and approx 30-40 people.

We have had a couple of maintenance issues with the chemical injection pump breaking and needed replacing. The head for the manual vac has also broken and required replacing. The filters on the automatic vacuum cleaner are just holding in there and will need replacing very soon.

Kind regards

Shannon Seaby

Notification of grant status was to be sent mid October.

20 MILLION TREES APPLICATION

- ❖ The "20 Million Tree's" Grant Application became advertised and available to the community early October; this didn't give us much time to piece an application together but decided to pool resources and work together as NEWROC NRM.
- ❖ EOI's were advertised within the six shires of NEWROC, this gave as a figure of what to apply for (and the application stated we needed to have landholders signed up before applying). During the week and a half of EOI's being advertised Mukinbudin Shire (private landholders) applied for a total of 25 hectares of seedlings.
- ❖ The grant application status should be available in December.
