Summary

To present Council with a request for sponsorship for the 2018 Mukinbudin Spring Festival for a maximum of \$10,000 for the purposes of reimbursement of Coordinator for out-of-pocket expenses and general festival events and entertainment, plus in-kind support in the form of Works assistance with setting up and clearing up the festival.

Background

Mukinbudin Planning & Development Group will host the 22nd Mukinbudin Spring Festival in September 2018 with Ms Amber Norrish coordinating the program. Funding is being applied for from Cooperative Bulk Handling and Department of Culture and the Arts, the results of which will be announced in August 2018.

The following letter was received from MPDG:

Cr Gary Shadbolt
President
Shire of Mukinbudin
PO Box 67
Mukinbudin WA 6479

Dear Cr Shadbolt

I am writing to you on the behalf of the Mukinbudin Planning & Development (P&D) group to put forward a request for in-kind assistance for the 2018 Spring Festival. The P&D are appreciative of all the generous support the Shire of Mukinbudin has contributed towards the Spring Festival in past years. The event would not be as successful without this funding.

Please find attached a cost spreadsheet outlining what the P&D group are requesting from the Mukinbudin Shire financially as in-kind support.

Further to the cost spreadsheet the P&D group request financial support for various Festival overheads such as reimbursing Amber Norrish, the Spring Festival 2018 Coordinator, for costs associated with running the Festival. The P&D group have planned to access funds from grant funding applications, yet do not know the outcome of the applications at this stage.

We look forward to working with the Shire of Mukinbudin for another successful Festival in 2018.

Sincerely,

Caitlin Hogan

								No further expenses expected
								The reallocation of Depot costs to the Public Works Overhead subprogram has increased expenditure. The overhead recovery rate has recently been increased to accommodate this.
								The mechanism of the cost recovery process had been reviewed in consultation with our auditors. It has been determined that the Operating Income should be used to offset Operating Expenditure. Therefore Total Operating Expenditure will equal Total Operating Income at 30June rather than zero.

SHIRE OF MUKINBUDIN
FOR THE PERIOD 1 JULY 2017 TO 30 APRIL 2018
Report on Significant variances Greater than 10% and \$10,000

Purpose

The purpose of the Monthly Variance Report is to highlight circumstances where there is a major variance from the YTD Monthly Budget and YTD Actual figures. These variances can occur because of a change in timing of the activity, circumstances change (e.g. a grants were budgeted for but was not received) or changes to the original budget projections. The Report is designed to highlight these issues and explain the reason for the variance.

The Materiality variances adopted by Council are:

Actual Variance to YTD Budget up to 10%:

Actual Variance exceeding 10% of YTD Budget

Actual Variance exceeding 10% of YTD Budget and a value greater than \$10,000:

Where a variance is identified as caused being "Timing" it means that the rate of expenditure, or income, is different that what was estimated in the budget but the variation is expected to minimal by the end of the financial year. Should this "Timing" be a cause for concern this will be identified.

All land except exempt land in the Shire of Mukinbudin is rated according to its Gross Rental Value (GRV) in townsites or Unimproved Value (UV) in the remainder of the Shire.

The general rates detailed above for the 2017/18 financial year have been determined by Council on the basis of raising the revenue required to meet the deficiency between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources other than rates and also bearing considering the extent of any increase in rating over the level adopted in the previous year.

The minimum rates have been determined by Council on the basis that all ratepayers must make a reasonable contribution to the cost of the Local Government services/facilities.

10. FINANCIAL RATIOS

	2017/18 YTD	2016/17	2015/16	2014/15
Current Ratio	5.08	3.83	0.90	2.08
Operating Surplus Ratio	(1.07)	0.07	(1.03)	0.29

The above ratios are calculated as follows:

Current Ratio

$$\frac{\text{Current assets minus restricted current assets}}{\text{Current liabilities minus liabilities associated with restricted assets}}$$

INTERPRETATION:

This ratio is a measure of short term (unrestricted) liquidity.

That is, the ability of the Council to meet its liabilities (obligations) as and when they fall due.

RISK INDICATORS:

Low – 1 or greater

A ratio of greater than one (1) indicates Council has more current assets than current liabilities.

High – Less than 1

If less than one (1), current liabilities are greater than current assets and Council has a short term funding issue.

COMMENT:

Provided restricted assets are excluded correctly, it is a very useful indicator of the “true” financial position of Council, particularly in the short term.

As a general rule, when the current ratio of a Council is calculated at less than one (100%) it indicates a short term funding issue. However, it also needs to be considered in context of the overall financial position. If monitored correctly during the course of the year, it is a good indicator for when follow up action is necessary.

Operating Surplus Ratio

$$\frac{\text{Operating revenue minus operating expense}}{\text{Own source operating revenue}}$$

INTERPRETATION:

Effectively highlights the scale/extent of any operating surplus or deficit in relation to the overall size of the local government.

RISK INDICATORS:

Low – 0.15 or greater

The local government is providing a strong operating surplus which will give flexibility in the future in relation to operational service levels and asset base.

High – Lower than 0

The local government is experiencing an operating deficit.

COMMENT:

A sustained period of deficits will erode the local government’s ability to maintain both its operational service level and asset base.

COMMENT

Leigh Ballard of Crisp Wireless was prepared to present at the NEWROC Executive Meeting on March 27 however following a meeting on Thursday 22 March 2018 between Crisp Wireless (Jeremy Devenish and Leigh Ballard) and NEWROC CEO and the NEWROC EO, a presentation was not required.

Discussion at the meeting:

- 👉 NEWROC CEO and NEWROC EO met with Crisp Wireless on Thursday 22 March 2018 in Kellerberrin
- 👉 Discussion at the meeting included: liquidation of South Western Wireless in the eastern states, structure of South Western Wireless and the involvement of South Western Wireless WA, licensing issues, service level agreements, Director interests and capital contributions
- 👉 Synopsis of the meeting: SWW WA trades under Crisp Wireless which is currently trying to confirm a license for the NEWROC project with another WA provider (instead of South Western Wireless in the eastern states), discussion of the project, discussion of the tender and contractual agreements, phone support for internet plans as well as developing a one page NEWROC telecommunications strategic plan
- 👉 Post the meeting Crisp Wireless issued a letter to the NEWROC with an update on their arrangements with South Western Wireless in the eastern states. Leigh Ballard to provide a progress report to NEWROC CEO's in early April 2018
- 👉 At the Executive meeting CEO's discussed the South Western Wireless WA service in the Shire of Pinjarra

ACTION: NEWROC CEO to contact the Shire of Murray regarding their service level agreement with South Western Wireless WA

Discussion at the Executive Meeting

- 👉 CEO's also discussed asset ownership. NEWROC to action an agreement with Crisp Wireless regarding first rights if project is delayed or the like
- 👉 Crisp Wireless is currently recruiting staff for a WA based phone support service for their internet plans (originally this was going to be provided by South Western Wireless in the eastern states)
- 👉 Discussion regarding reputational risk to the NEWROC

Actions since the Executive Meeting:

- 👉 Correspondence sent to the Chair of Crisp Wireless regarding the formal requests from the Executive Meeting
- 👉 Correspondence received from the Chair of Crisp Wireless including a Service Level Agreement
- 👉 Official launch of the NEWROC Telecommunications Project on 11 April 2018 in Nungarin
- 👉 Hon Bridget McKenzie Federal Minister for Rural Health and Regional Communications would like to meet with the NEWROC on Sunday 29 April 2018 and has suggested Wyalkatchem as the venue

RESOLUTION:

Endorse the letter sent to Crisp Wireless:

1. **Crisp Wireless is to obtain the necessary license/s required to operate the NEWROC network by COB April 10 2018, if it does not obtain the necessary license/s it is to inform the NEWROC CEO immediately so that additional actions can be instigated**
2. **Crisp Wireless is to supply a copy of the telecommunications license/s and any certificates of currency and conditions to the CEO of the NEWROC by COB April 10 2018**
3. **Crisp Wireless is to provide a project milestone report on the project to the CEO of the NEWROC on April 10 2018**
4. **A draft service level agreement is to be sent to the NEWROC Executive Officer by Wednesday 4 April 2018 so members can review and collect comments**
5. **Further payments for the project will be withheld until the completion of the built / installed infrastructure is in place, appropriate licenses are in place and activated, a test of the network is undertaken by the NEWROC (either members or an independent body) and a majority of members are satisfied with the network and its connectivity.**

Should Crisp Wireless not provide a copy of their telecommunications license by the 30th April 2018 then additional actions will take place by the group to ensure the project is completed

Discussion:

- 👉 NEWROC has not responded formally to the Crisp Wireless letter of the 3 April 2018 – a letter will be drafted shortly, following further discussions with the Crisp Wireless CEO
- 👉 Feelings that at the start of the partnership, Crisp Wireless and the NEWROC would find the 200 subscribers, however perhaps there is now more of a press on the NEWROC to find these 200 subscribers
- 👉 There is no end date as to when these 200 subscribers are to be provided to Crisp Wireless (no mention in the tender contract and in the tender the words are provide 'in principle' 200 subscribers)
- 👉 Discussion regarding the information sessions – none have been held in Trayning, suggestion that Crisp Wireless left early in Nungarin and in Mukinbudin Crisp Wireless incorrectly referred to 9 attendees at a session but it was more like 5
- 👉 NEWROC EO contacted the Shire of Murray to discuss their Service Level Agreement with Crisp Wireless

NEWROC Council Meeting 24 April 2018 - MINUTES

- 🔥 Cullen Macleod lawyers currently are providing feedback on the NEWROC Service Level Agreement with Crisp Wireless
- 🔥 Feedback for inclusion in the NEWROC Service Level Agreement - what happens when the number of subscribers falls below 200 and what is the trigger point? Can we include some forward projections on the number of subscribers? The SLA should reference mediation if there is an issue so too compensation, definitions of severe or low issues
- 🔥 Lead organisation for the SLA on behalf of the NEWROC will be the Shire of Wyalkatchem
- 🔥 Members requested a copy of the Crisp Wireless customer agreement form
- 🔥 Members discussed the telecommunications licence – what happens if it does not come through before the end of April 2018, there needs to be a contingency in place (SLA will form part of this)
- 🔥 Future roll out of the network will be trying to achieve full coverage of the NEWROC
- 🔥 Ian McCabe, John Nuttall and Caroline Robinson will meet with Crisp Wireless to discuss the SLA in person

RESOLUTION:

The NEWROC write to Crisp Wireless formally requesting the ‘Shaddy’ tower be relocated (planning application yet to be approved by the Shire of Mukinbudin) and a solution for the Talgamine residents be provided to ensure ratepayers who don’t currently receive NBN near the Talgamine and north Mukinbudin areas receive it in the future.

4.2.2.2 Director Reports and Information Sessions

At the November Executive meeting the following was discussed:

Discussion:

The NEWROC Literary Lunch is being held again this year in August, by the Koorda Book Club. NEWROC has supported the Literary Lunch for a number of years (since 2004) and in the 17/18 budget it was \$600.

A letter requesting financial support has been received (\$600). Additional discussions with Cr Brown (Shire of Trayning) has seen further detail emerge about the event, including:

- A focus on educating young students about writing, with an authors workshop at a school
- A presentation by the author to the book clubs within the NEWROC – in 2018, this will occur at a lunch in Koorda
- Financial support from Writing WA for the event has been sought
- The financial support being requested by the Koorda Book Club will be put towards the event but also an annual subscription to Writing WA, which will benefit all book clubs in the NEWROC and help attract additional funding for future events from Writing WA

Additionally, it would be a good opportunity for the NEWROC to promote itself better by attending the lunch, speaking about our strategic priorities as well as encouraging sign up for the internet plans on offer by Crisp Wireless.

NEWROC

Better Health Plan 2018 - 2020

Focus Areas - Strategies for Success

February 2018

Improving access and health service delivery in the NEWROC Shires

1. Background

In the early 1990's, WA rural shires Koorda, Mt Marshall, Mukinbudin, Nungarin, Trayning, and Wyalkatchem decided to come together to plan and deploy programs and strategies in areas of mutual interest to form the North Eastern Wheatbelt Regional Organisation of Councils (NEWROC).

Following successes in the planned commissioning of new independent living units within each of the member shires, as well as wins in telecommunications, natural resource management and biodiversity protection, NEWROC is looking to consolidate interest and effort to address some of the key challenges in their communities in terms of health and wellbeing services.

By progressing the Better Health Plan, NEWROC seeks to cement robust partnerships across local governments, agencies, Government and health service providers in the region and beyond, to ensure that health services can be delivered in a way that is “fit for purpose” with no gaps.

The NEWROC Better Health Plan aims to sharpen the focus on ensuring safe, high quality and sustainable health services are available for the community to support residents in maximising their quality of life. The Better Health Plan will be the precursor to the planned Health and Wellbeing Plans that all six-member shires will be producing over the coming three years.

www.newroc.com.au

2. Purpose

The purpose of this NEWROC Better Health Plan is to:

1. Investigate and recommend solutions for health service workforce supply and sustainability;
2. Improve communication and coordination between primary and secondary health care providers;
3. Consider the care provision requirements to support the aging population of the six shires with specific reference to the independent living units being constructed in these communities;
4. Improve access to preventative health services;
5. Promote better system navigation;
6. Guide the development of local health plans for each of the member shires;
7. Align with and support the Western Australian Primary Health Alliance (WAPHA) Comprehensive Primary Care Project; and
8. Identify areas of priority that need to be escalated to other parties.

3. Consultations

NEWROC acknowledges the time and input from the local government areas of: Koorda, Mt Marshall, Mukinbudin, Nungarin, Trayning, and Wyalkatchem. NEWROC acknowledges funding from the Wheatbelt Development Commission.

This report has been compiled through the expert input of many key stakeholders and builds on from several previous reports that have been compiled across the region. Following analysis of previous reports, recent demographic updates and consultation with key stakeholders, several key themes were identified. These themes were workshopped with key stakeholders and actions and priorities were identified. These are presented within this strategy as priority actions where there is consensus and recommendations where consensus was not achieved or the issue/action emerged post workshop.

The leadership and vision of the NEWROC members together with Western Australia Country Health Service, the Wheatbelt Development Commission, Rural Health West, the WA Primary Health Alliance, St John Ambulance and other stakeholders made this project possible, and provided significant input into all stages and processes.

4. Focus Areas and Priorities

The NEWROC Better Health Plan has **Four Focus Areas** that aim to support the activity of health service delivery over the short and medium term (up to 3 years). Each Focus Area has Actions/Strategies attached to it that will drive the activity within each Focus Area.

In short NEWROC have developed a plan with specific on-the-ground, programs and models of care designed and operated on which existing and new health budget allocations could be made.

The **Four Focus Areas** are:

- **Build productive partnerships that deliver health solutions relevant to the needs of the NEWROC communities**
- **Recruit and retain health professionals to ensure the availability and delivery of health services in the NEWROC**
- **Engage with the NEWROC community to provide feedback to improve the appropriateness of health services in the NEWROC**
- **Facilitate and help promote a healthy lifestyle and disease prevention within the NEWROC communities**

Within each of these focus areas, the NEWROC has the following priorities:

- Facilitating the attraction, retention and investment of **nurses and allied health professionals** required within the NEWROC
- Encouraging a diverse array of **allied health services and health programs** to reside or regularly visit the NEWROC which focus on the core health issues
- Retention and expansion of the **GP services** in the NEWROC
- Retaining the **Wyalkatchem and Kununoppin Hospitals**
- Ensuring the communities of the NEWROC are aware of their **care pathways**

5. Review

Strategic review with members annually (February strategy meeting)

Six-monthly assessment or as frequently as required at an Executive meeting with progress reported at a Council meeting.

Specific goals, progress and outcomes to be included in agendas and minutes of NEWROC.

FOREWORD

The *Local Government Act 1995* envisaged the separation of the roles of the Council and the Chief Executive Officer.

In summary the *Local Government Act 1995* envisaged that the roles would be as follows:

COUNCIL

Responsible for decision making and policy

CHIEF EXECUTIVE OFFICER

Responsible for day to day management under those policies

The roles of the Council and the Chief Executive Officer are complimentary and focused at achieving the strategic objectives of the Local Government.

Effective role separation provides a number of benefits to the organisation and promotes effective local government. In particular it achieves:

- A focus by the Council on the strategic issues;
- A real need for Council to identify policy issues and address decision making on key issues.

INTRODUCTION

This Policy Manual is intended as a guide to elected members, staff and the public on the normal practices and activities of the Shire of Mukinbudin. The policies do not require absolute adherence, but may be changed as circumstances dictate, in accordance with Council's directions and amended by Council from time to time.

Staff are expected to comply closely with the spirit and intention of the policies and to use care and discretion in implementing the policies to ensure the best possible outcome, whether or not a particular event complies totally with the stated policy. Implementation must be fair, consistent and effective, with the emphasis on guidance and assistance rather than compulsion and inspection.

Council, in its absolute discretion, reserves the right to amend, add, delete or apply wholly or in part or not at all, any or all of the policies without notice.

This document does not stand alone, but is part of a "hierarchy", which comprises (in order of priority) –

- **Legislation** – Acts of Parliament, Regulations etc.
- **Common Law** – legal precedent, interpretation and decisions made by courts
- **Delegated legislation** – local laws, town planning policy
- **General policy** – administrative policy

To aid in understanding the complexity of the administrative process, the following information is provided to address the subjects of policy, procedures and delegations.

Definitions

The *Local Government Act 1995* has not defined the term "delegation" or "delegated power", however:

- s5.16 refers to "... the exercise of any of its powers and duties..."
- s5.42 refers to "... the exercise of any of its powers or the discharge of any of its duties..."

The term "policy" is not defined anywhere in the *Local Government Act 1995*.

Accordingly, throughout this document, the following terms apply, insofar as they are consistent with enabling legislation.

“Authority” means the permission or requirement for a committee or the CEO to act in accordance with:

- the *Local Government Act 1995* or other legislation or regulation;
- a delegation made by Council;
- a policy made by Council; or
- a specific decision of Council.

“Delegation” means the authority for a committee or the CEO to act on behalf of Council, where the power is either specifically or by implication, intended to be exercised by the elected members, rather than an organizational review.

“Policy”, as the context requires, means either:

- a procedural direction to officers to implement Council’s wishes or instructions in a particular way; or
- the authority for officers to act, where that authority is not considered to be a delegation, but more procedural in nature.

“Instruction”, means the requirement for a staff member to act in accordance with a direction given by a senior officer of Council.

Head of Power

Unless stated otherwise, the *Local Government Act 1995* constitutes the head power for Council to make policies.

The Council is responsible for functions and activities under numerous Acts and other legislation, many of which permit Council to assign responsibilities and authority to various officers. In order to maintain consistency with the concepts of the *Local Government Act 1995*, all directions are made by the CEO, who is then responsible for the implementation of the function, either personally or through management of officers and staff.

It is Council’s expectation that the CEO will assign responsibilities relevant to a specialist or specific position to the appropriate person.

Process

It is a requirement of the *Local Government Act 1995*, s5.18 and s5.46 (1) that all delegations be reviewed at least once in each financial year.

In order to ensure that there is clear authority, and to ensure consistency and relevancy, Council and the appropriate officers will also formally review all policies at the same time, and their application confirmed.

In this way, the Policy Manual will be reviewed and a formal motion of application passed, prior to the commencement of the new financial year.

New Policies

Council may make new Policies at any time.

However, unless specifically stated that the authority is to be included in the Policy Manual, it will be assumed that the authority to act is for a specific matter and is not a general or on-going Policy.

As new policy is made, they will be appended to this Policy Manual for update at the next review.

Amended and Revoked Policies

Revoked and amended policies are to be retained as a Council record.

The full text of a policy will be retained as a Council record for future reference, to ensure that actions when reviewed in later years can be substantiated, and so that should queries be raised the application of policy and any amendments can be traced. New text pages will be replaced, amended and revoked text will be filed accordingly.

The history of the policy will be amended to show date and resolution number of the motion of the amendment.

Certification

Council formally reviewed this Policy Manual on 16 May 2018 Ordinary Council meeting and Resolution N° 13 05 17 confirming its application.

POLICY

DEFINITION

Policy development for the Shire of Mukinbudin is proposed within the following guidelines.

- Intent
Policy is a high level statement of how the Council will act.
- Outcome
Policy should be enabling and focus on outcome.
- Certainty
Policy should be non-negotiable.
- Conceptual
Policy does not detail procedures for implementation.

PROCEDURES – What are they?

(see Council's separate Procedures Manual)

These are the detailed tasks to be performed by staff in the completion of certain specified activities.

In the past, many procedures have had the consideration of the Council and act as a guide to staff as to how the Council wishes certain matters to be approached or resolved.

Procedures allow the staff to expedite action without the need to refer the matter to Council. Given the separation of roles under the Act, with Council relinquishing involvement with day-to-day management, procedures are now the responsibility of the CEO.

DELEGATION – What is it?

(see also Council's Delegation Register)

Section 5.42 of the Act provides for the delegation, by absolute majority, of some powers and duties to the CEO. Section 5.43 places limits on the extent of delegation where a local government **cannot delegate** to the CEO any of the following powers or duties:

- Any power or duty that requires a decision of an absolute majority or a 75% special majority of the local government;
- Accepting a tender which exceeds an amount determined by the local government for the purpose of this paragraph of section 5.43;
- Appointment of an auditor;
- Acquiring or disposing of any property valued at an amount exceeding an amount determined by the local government i.e. \$1,000.00; being one thousand dollars.
- Any of the local government's powers under sections 5.98, 5.99 and 5.100 (relating to the payment of sitting fees for elected members);
- Borrowing money on behalf of the local government;
- Hearing or determining an objection of a kind referred to in section 9.5 of the Act;
- Any power or duty that requires the approval of the Minister or the Governor; or
- Such other powers or duties as may be prescribed.

For the purpose of further clarity, the following matters are identified as powers that cannot be delegated:

- Any matter relating to the payment of compensation in any form to either staff or members of the public;
- Any matters which substantially change the direction of Council's Strategic Plan;
- Any decision that is likely to involve unbudgeted expenditure;
- The changing or altering of any budget;
- The making or passing of Local Laws;
- Any decision which directly is intended to involve the Council in any litigation;
- The preparation of or adoption of a Town Planning Scheme amendment;
- The adoption of policy;

Under the accepted interpretation of the *Local Government Act 1995*, the *Health Act 1911* and the *Local Government (Miscellaneous Provisions) Act 1960*, **the CEO is given a clear duty to carry out:**

- All of those administrative procedures that are not clearly specified under the Acts as a power of the elected Council;
- All administrative and management functions related to human resources (subject to s5.37 of the Act relating to Senior Employees);
- All functions that have been defined by the elected Council in Policy, Local Laws or are supported by previous accepted practices of the Council that comply with statutory and best practice standards;
- All those procedures that are contained within the Procedures Manual as endorsed by the elected Council.

This manual has been prepared to assist Council and staff members to administer the Shire of Mukinbudin by providing a copy of policies adopted by Council on a variety of matters.

The Manual should reduce the need to refer matters of a repetitive nature and/or of minor importance to Council for a decision as well as assisting Councillors and staff to readily answer queries raised by electors.

CODE OF CONDUCT-ELECTED MEMBERS AND STAFF

PREAMBLE

The Code of Conduct provides elected members and staff of the Shire of Mukinbudin with consistent guidelines for an acceptable standard of professional conduct. The Code addresses in a concise manner the broader issues of ethical responsibility and encourages greater transparency and accountability.

The Code is complimentary to the principles adopted in the *Local Government Act 1995* and regulations which incorporates four fundamental aims to result in: -

- a) Better decision making;
- b) Greater community participation in the decisions and affairs of the Council;
- c) Greater accountability of the Council to its community; and
- d) More efficient and effective local government

The Code provides a guide and a basis of expectations for elected members and staff. It encourages commitment to ethical and professional behaviour and outlines principles in which individual and collective Local Government responsibilities may be based.

STATUTORY ENVIRONMENT

The Code of Conduct observes statutory requirements of the *Local Government Act 1995* (s5.103 – Codes of Conduct) and *Local Government (Administration) Regulations 1996* (Regs 34B and 34C)

RULES OF CONDUCT

Council members acknowledge their activities, behaviour and statutory compliance obligations may be scrutinized in accordance with prescribed rules of conduct as described in the *Local Government Act 1995* and *Local Government (Rules of Conduct) Regulations 2007*

ROLE OF ELECTED MEMBERS

The President shall have a role in maintaining harmonious relations and adherence to this Code of Conduct by Councillors in consultation with the CEO.

A Councillor's primary role is to represent the community, and the effective translation of the community's needs and aspirations into a direction and future for the Shire of Mukinbudin will be the focus of the Councillor's public life.

A Councillor is part of the team in which the community has placed its trust to make decisions on its behalf and the community is therefore entitled to expect high standards of conduct from its elected representatives.

In fulfilling the various roles, elected members' activities will focus on:

- Achieving a balance in the diversity of community views to develop an overall strategy for the future of the community;
- Achieving sound financial management and accountability in relation to the Council's finances;
- Ensuring that appropriate mechanisms are in place to deal with the prompt handling of residents concerns;
- Working with other governments and organisations to achieve benefits for the community at both a local and regional level;
- Having an awareness of the statutory obligations imposed on Councillors and on the Shire of Mukinbudin.

1 CONFLICT AND DISCLOSURE OF INTEREST

1.1 Conflict of Interest

- a) Members and staff will ensure that there is no actual (or perceived) conflict of interest between their personal interests and the impartial fulfillment of their professional duties.
- b) Staff will not engage in private work with or for any person or body with an interest in a proposed or current contract with the Local Government, without first making disclosure to the Chief Executive Officer. In this respect, it does not matter whether advantage is in fact obtained, as any appearance that private dealings could conflict with performance of duties must be scrupulously avoided.
- c) Members and staff will lodge written notice with the Chief Executive Officer describing an intention to undertake a dealing in land within the Shire of Mukinbudin or which may otherwise conflict with the Council's functions (other than purchasing the principal place of residence);
- d) Members and Staff who exercise recruitment or other discretionary function will make disclosure before dealing with relatives or close friends and will disqualify themselves from dealing with those persons.
- e) Staff will refrain from partisan political activities which could cast doubt on their neutrality and impartiality in acting in their professional capacity.

An individual's rights to maintain their own political convictions are not impinged upon by this clause. It is recognised that such convictions cannot be a basis for discrimination and this is supported by anti-discriminatory legislation.

1.2 Financial Interest

Members and staff will adopt the principles of disclosure of financial interests as contained within the Local Government Act 1995.

1.3 Disclosure of Interest

- a) In addition to disclosure of financial interests, members and staff including persons under a contract for services:
 - attending a Council or Committee meeting; or
 - giving advice to a Council or Committee meeting;
 are required to disclose any interest they have in a matter to be discussed at the meeting that would give rise to a reasonable belief that the impartiality of the person having the interest would be adversely affected.
- b) where an interest must be disclosed under (a) above, the disclosure is to be made at the meeting immediately before the matter is discussed or at a time the advice is given, and is to be recorded in the minutes of the meeting.

2 PERSONAL BENEFIT

2.1 Use of Confidential Information

Members and staff will not use confidential information to gain improper advantage for themselves or for any other person or body, in ways which are inconsistent with their obligation to act impartially, or to improperly cause harm or detriment to any person or organisation.

2.2 Intellectual Property

The title to Intellectual Property in all duties relating to contracts of employment will be assigned to the Shire of Mukinbudin upon its creation unless otherwise agreed by separate contract.

2.3 Improper or Undue Influence

Members and staff will not take advantage of their position to improperly influence other members or staff in the performance of their duties or functions, in order to gain undue or improper (direct or indirect) advantage or gain for themselves or for any other person or body.

2.4 Gifts and Bribery

- (a) Members are not to accept a gift other than a gift of or below \$100 from a person who is undertaking, or is likely to undertake, business –
 - That requires the person obtain any authorisation from the Shire of Mukinbudin;
 - By way of contract between the person and the Shire of Mukinbudin; or
 - By way of providing any service to the Shire of Mukinbudin.
- (b) Members who accept a gift of or below \$100 from a person referred to in (a) above are to record in a register of token gifts-
 - The names of the persons who gave and received the gift
 - The date of receipt of the gift; and
 - A description and the estimated value of, the gift.

Gifts given by way of hospitality; or classes of gift such as key rings, caps, T-shirts and drinks to the value of \$100.00 given by way of hospitality, need not be recorded.

- (c) This clause does not apply to gifts received from a relative (as defined in s5.74(1) of the *Local Government Act 1995*) or an electoral gift (to which other disclosure provisions apply)

3 CONDUCT OF MEMBERS

3.1 Personal Behaviour

- (a) Members and staff will:
 - i. Act, and be seen to act, properly and in accordance with the requirements of the law and the terms of this Code;
 - ii. refrain from any act which may be construed as sexual harassment, and report acts of sexual harassment to the President (if the allegation concerns a council member or the CEO) and in accordance with instructions in the Procedures Manual distributed by the CEO (where the allegation concerns an employee other than the CEO);
 Sexual harassment is any conduct of a sexual and/or sexist nature (whether physical, verbal or non-verbal) which is unwelcome and unsolicited and rejection of which may disadvantage a person in their employment or their life in general. The following examples may constitute sexual harassment when they are considered offensive to an employee, elected member or member of the general public:-
 - Deliberate and unnecessary physical contact such as patting, pinching, fondling, kissing, brushing against, touching.
 - Subtle or explicit demands for sexual activities or molestation.
 - Intrusive enquiries into a person's private life.
 - Uninvited and unwelcome jokes that have a sexual and/or sexist undertone.

- Unsolicited leers and gestures of a sexual nature and the display within the workplace of sexually offensive material.
- iii. Perform their duties impartially and in the best interests of the Shire of Mukinbudin and the community, uninfluenced by fear or favour;
- iv. Act in good faith (i.e. honestly, for the proper purpose and without exceeding their powers) in the interests of the Shire of Mukinbudin and the community;
- v. Make no allegations which are improper or derogatory (unless true and in the public interest) and refrain from any conduct, in the performance of their official duties, which may cause any reasonable person unwarranted offence or embarrassment; and,
- vi. Always act in accordance with their obligation of fidelity to the Shire of Mukinbudin.

ATTACHMENT 1.12

POLICY ON LEGAL REPRESENTATION COST INDEMNIFICATION

1.0 Introduction

- This policy is designed to protect the interests of council members and employees (including past members and former employees) where they become involved in civil legal proceedings because of their official functions. In most situations the local government may assist the individual in meeting reasonable expenses and any liabilities incurred in relation to those proceedings.
- In each case it will be necessary to determine whether assistance with legal costs and other liabilities is justified for the good government of the district. This policy applies in that respect.

2.0 General Principles

- a) The Shire of Mukinbudin may provide financial assistance to members and employees in connection with the performance of their duties provided that the member or employee has acted reasonably and has not acted illegally, dishonestly, against the interests of the Shire of Mukinbudin or otherwise in bad faith.
- b) The Shire of Mukinbudin may provide such assistance in the following types of legal proceedings:
 - i) Proceedings brought by members and employees to enable them to carry out their local government functions (eg where a member or employee seeks a restraining order against a person using threatening behaviour.
 - ii) Proceedings brought against members or employees (this could be in relation to a decision of Council or an employee which aggrieves another person (eg refusing a development application) or where the conduct of a member or employee in carrying out his or her functions is considered detrimental to the person (eg defending defamation actions); and
 - iii) Statutory or other inquiries where representation of members or employees is justified.
- c) The Shire of Mukinbudin will not support any defamation actions seeking the payment of damages for individual members or employees in regard to comments or criticisms leveled at their conduct in their respective roles. Members or employees are not precluded, however, from taking their own private action. Furthermore, the Shire of Mukinbudin may seek its own advice on any aspect relating to such comments and criticisms or relevance to it.

- d) The legal services the subject of assistance under this policy will usually be provided by the Shire of Mukinbudin's solicitors or, where this is not appropriate for practical reasons or because of a conflict of interest, then the service may be provided by other solicitors approved by the Shire of Mukinbudin.

3.0 Applications for Financial Assistance

- a) Subject to item (e), decisions as to assistance under this policy are to be made by Council
- b) A member or employee requesting financial support for legal services under this policy is to make an application in writing, where possible in advance, to the Council providing full details of the circumstances of the matter and the legal services required.
- c) An application to the Council is to be accompanied by an assessment of the request and with a recommendation prepared by, or on behalf of, the Chief Executive Officer (CEO).
- d) A member or employee requesting financial support for legal services, or any other person who might have a financial interest in the matter, should take care to ensure compliance with the financial interest provisions of the *Local Government Act 1995*.
- e) Where there is a need for the provision of urgent legal services before an application can be considered by Council, the CEO may give an authorization to the value of \$5,000 provided that the power to make such an authorization has been delegated to the CEO in writing under section 5.42 of the *Local Government Act 1995*.
- f) Where it is the CEO who is seeking urgent financial support for legal services the Council shall deal with the application.

4.0 Repayment of Assistance

Any amount recovered by a member or employee in proceedings, whether for costs or damages, will be offset against any monies paid or payable by the Shire of Mukinbudin.

Assistance will be withdrawn where the Council determines, upon legal advice, that a person has acted unreasonably, illegally, dishonestly, against the interests of the Shire of Mukinbudin or otherwise in bad faith; or where information from the person is shown to have been false or misleading.

Where assistance is so withdrawn, the person who obtained financial support is to repay any moneys already provided. The Shire of Mukinbudin may take action to recover any such moneys in a court of competent jurisdiction.

ATTACHMENT 3.2

STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

It is Council's position that it will capitalise infrastructure assets exceeding \$5,000 with a depreciation rate applying in terms of recommended accounting practices.

Property, plant and equipment is to be brought to account at cost and carried at nett written down value. Items of property, plant and equipment including buildings, but excluding freehold land, are to be depreciated over their estimated useful lives on a straight line basis.

1. SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies which have been adopted in the preparation of this financial report are presented below and have been consistently applied unless stated otherwise.

(a) Basis of Preparation

The financial report is a general purpose financial statement which has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities), Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board, the Local Government Act 1995 and accompanying regulations.

Except for cash flow and rate setting information, the report has also been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of the selected non-current assets, financial assets and liabilities.

Critical Accounting Estimates

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

(b) The Local Government Reporting Entity

All Funds through which the Council controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between Funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements, but a separate

statement of those monies appears at Note 19 to these financial statements.

(c) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to the ATO, is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to the ATO, are presented as operating cash flows.

(d) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks, other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts.

Bank overdrafts are shown as short term borrowings in current liabilities in the statement of financial position.

(e) Trade and Other Receivables

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Collectibility of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they will not be collectible.

(f) Inventories

General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Land Held for Resale

Land purchased for development and/or resale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development. Finance costs and holding charges incurred after development

is completed are expensed.

Gains and losses are recognised in the statement of comprehensive income at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed on to the buyer at this point.

Land held for resale is classified as current except where it is held as non-current based on Council's intention to release for sale.

(g) Fixed Assets

Each class of fixed assets is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation or impairment losses.

Mandatory Requirement to Revalue Non-Current Assets

Effective from 1 July 2012, the Local Government (Financial Management) Regulations were amended and the measurement of non-current assets at fair value became mandatory.

The amendments allow for a phasing in of fair value in relation to fixed assets over three years as follows:

- (a) for the financial year ending on 30 June 2013, the fair value of all of the assets of the local government that are plant and equipment; and
- (b) for the financial year ending on 30 June 2014, the fair value of all of the assets of the local government -
 - (i) that are plant and equipment; and
 - (ii) that are -
 - (I) land and buildings; or
 - (II) infrastructure;
- and
- (c) for a financial year ending on or after 30 June 2015, the fair value of all of the assets of the local government.

Thereafter, in accordance with the regulations, each asset class must be revalued at least every 3 years.

Council has commenced the process of adopting Fair Value in accordance with the Regulations.

Relevant disclosures, in accordance with the requirements of Australian Accounting Standards, have been made in the financial report as necessary.

Land Under Control

In accordance with local Government (Financial Management) Regulation 16 (a), the Council is required to include as an asset (by 30 June 2013), Crown Land operated by the local government as a golf course, showground, racecourse or other sporting or recreational facility of State or regional significance.

Upon initial recognition, these assets were recorded at cost in accordance with AASB 116. They were then classified as Land and revalued along with other land in accordance with other policies detailed in this Note.

Whilst they were initially recorded at cost, fair value at the date of acquisition was deemed cost as per AASB 116.

Consequently, these assets were initially recognised at cost but revalued along with other items of Land and Buildings at 30 June 2013.

(g) Fixed Assets (Continued)

Initial Recognition

All assets are initially recognised at cost. Cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Council includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable future economic benefits associated with the item will flow to the Council and the cost of the item can be measured reliably. All other repairs and maintenance are recognised as expenses in the statement of comprehensive income in the period in which they are incurred.

Revaluation

Revalued assets are carried at their fair value being the price that would be received to sell the asset, in an orderly transaction between market participants at the measurement date.

Revalued assets are carried at their fair value being the price that would be received to sell the asset, in an orderly transaction between market participants at the measurement date.

For land and buildings, fair value will be determined based on the nature of the asset class. For land and non-specialised buildings, fair value is determined on the basis of observable open market values of similar assets, adjusted for conditions and comparability at their highest and best use (Level 2 inputs in the fair value hierarchy).

With regards to specialised buildings, fair value is determined having regard for current replacement cost and both observable and unobservable costs. These include construction costs based on recent contract prices, current condition (observable Level 2 inputs in the fair value hierarchy), residual values and remaining useful life assessments (unobservable Level 3 inputs in the fair value hierarchy).

For infrastructure and other asset classes, fair value is determined to be the current replacement cost of an asset (Level 2 inputs in the fair value hierarchy) less, where applicable, accumulated depreciation calculated on the basis of such cost to reflect the already consumed or expired future economic benefits of the asset (Level 3 inputs in the fair value hierarchy).

Increases in the carrying amount arising on revaluation of assets are credited to a revaluation surplus in equity. Decreases that offset previous increases in the same asset are recognised against revaluation surplus directly in equity. All other decreases are recognised as profit or loss.

Any accumulated depreciation at the date of revaluation is eliminated against the gross carrying amount of the asset and the net amount is restated to the revalued amount of the asset.

Those assets carried at a revalued amount, being their fair value at the date of revaluation less any subsequent accumulated depreciation and accumulated impairment losses, are to be revalued with sufficient regularity to ensure the carrying amount does not differ materially from that determined using fair value at reporting date.

In addition, the amendments to the Financial Management Regulations mandating the use of Fair Value, imposes a further minimum of 3 years revaluation requirement. As a minimum, all assets carried at a revalued amount, will be revalued at least every 3 years.

(g) Fixed Assets (Continued)

Transitional Arrangement

During the time it takes to transition the carrying value of non-current assets from the cost approach to the fair value approach, the Council may still be utilising both methods across differing asset classes.

Those assets carried at cost will be carried in accordance with the policy detailed in the ***Initial Recognition*** section as detailed above.

Those assets carried at fair value will be carried in accordance with the ***Revaluation*** methodology section as detailed above.

Early Adoption of AASB 13 - Fair Value Measurement

Whilst the new accounting standard in relation to fair value, *AASB 13 - Fair Value Measurement* does not become applicable until the end of the year ended 30 June 2014 (in relation to Council), given the legislative need to commence using Fair Value methodology for this reporting period, the Council chose to early adopt AASB 13 (as allowed for in the standard).

As a consequence, the principles embodied in *AASB 13 - Fair Value Measurement* have been applied to this reporting period (year ended 30 June 2013).

Due to the nature and timing of the adoption (driven by legislation), the adoption of this standard has had no effect on previous reporting periods.

Land under Roads

In Western Australia, all land under roads is Crown Land, the responsibility for managing which, is vested in the local government.

Effective as at 1 July 2008, Council elected not to recognise any value for land under roads acquired on or before 30 June 2008. This accords with the treatment available in Australian Accounting Standard AASB1051 - Land Under Roads and the fact Local Government (Financial Management) Regulation 16(a)(i) prohibits local governments from recognising such land as an asset.

In respect of land under roads acquired on or after 1 July 2008, as detailed above, Local Government (Financial Management) Regulation 16(a)(i) prohibits local governments from recognising such land as an asset.

Whilst such treatment is inconsistent with the requirements of AASB 1051, Local Government (Financial Management) Regulation 4(2) provides, in the event of such an inconsistency, the Local Government (Financial Management) Regulations prevail.

Consequently, any land under roads acquired on or after 1 July 2008 is not included as an asset of the Council.

(g) Fixed Assets (Continued)

Depreciation of Non-Current Assets

All non-current depreciated over their useful lives in a manner which reflects the consumption of the future economic benefits assets having a limited useful life (excluding freehold land) are separately and systematically embodied in those assets.

Assets are depreciated from the date of acquisition or, in respect of internally constructed assets, from the time the asset is completed and held ready for use.

Depreciation is recognised on a straight-line basis, using rates which are reviewed each reporting period. Major depreciation periods are:

Land	not depreciated
Buildings	0 to 50 years
Furniture and Equipment	0 to 10 years
Plant and Equipment	0 to 15 years
Sealed roads and streets	
Clearing and earthworks	not depreciated
Construction/road base	50 years
Original surfacing and Major resurfacing	
- bituminous seals	20 years
- asphalt surfaces	25 years
Gravel roads	
Clearing and earthworks	not depreciated
Construction/road base	50 years
Gravel sheet	12 years
Formed roads(unsealed)	
Clearing and earthworks	not depreciated
Construction/road base	50 years
Footpaths	40 years
Sewerage piping	100 years
Water supply piping and drainage systems	75 years

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income. When revalued assets are sold, amounts included in the revaluation surplus relating to that asset are transferred to retained surplus.

Capitalisation Threshold

Expenditure on items of equipment under \$5,000 is not capitalised. Rather, it is recorded on an asset inventory listing.

(h) Intangible Assets

Easements

Due to legislative changes, Easements are required to be recognised as assets.

If significant, they are initially recognised at cost and have an indefinite useful life.

(i) Financial Instruments

Initial Recognition and Measurement

Financial assets and financial liabilities are recognised when the Council becomes a party to the contractual provisions to the instrument. For financial assets, this is equivalent to the date that the Council commits itself to either the purchase or sale of the asset (i.e. trade date accounting is adopted).

Financial instruments are initially measured at fair value plus transaction costs, except where the instrument is classified 'at fair value through profit or loss', in which case transaction costs are expensed to profit or loss immediately.

Classification and Subsequent Measurement

Financial instruments are subsequently measured at fair value, amortised cost using the effective interest rate method or at cost.

Fair value represents the amount for which an asset could be exchanged or a liability settled, between knowledgeable, willing parties. Where available, quoted prices in an active market are used to determine fair value. In other circumstances, valuation techniques are adopted.

Amortised cost is calculated as:

- (a) the amount in which the financial asset or financial liability is measured at initial recognition;
- (b) less principal repayments;
- (c) plus or minus the cumulative amortisation of the difference, if any, between the amount initially recognised and the maturity amount calculated using the effective interest rate method; and

(d) less any reduction for impairment.

The effective interest rate method is used to allocate interest income or interest expense over the relevant period and is equivalent to the rate that discounts estimated future cash payments or receipts (including fees, transaction costs and other premiums or discounts) through the expected life (or when this cannot be reliably predicted, the contractual term) of the financial instrument to the net carrying amount of the financial asset or financial liability. Revisions to expected future net cash flows will necessitate an adjustment to the carrying value with a consequential recognition of an income or expense in profit or loss.

(i) Financial assets at fair value through profit and loss

Financial assets at fair value through profit or loss are financial assets held for trading. A financial asset is classified in this category if acquired principally for the purpose of selling in the short term. Derivatives are classified as held for trading unless they are designated as hedges. Assets in this category are classified as current. They are subsequently measured at fair value with changes to carrying amount being included in profit or loss.

(i) Financial Instruments (Continued)

Classification and Subsequent Measurement (Continued)

(ii) Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

Loans and receivables are included in current assets where they are expected to mature within 12 months after the end of the reporting period.

(iii) Held-to-maturity investments

Held-to-maturity investments are non-derivative financial assets with fixed maturities and fixed or determinable payments and fixed maturities that the Council's management has the positive intention and ability to hold to maturity. They are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

Held-to-maturity investments are included in current assets where they are expected to mature within 12 months after the end of the reporting period. All other investments are classified as non-current.

(iv) Available-for-sale financial assets

Available-for-sale financial assets, are non-derivative financial assets that are either not suitable to be classified into other categories of financial assets due to their nature, or they are designated as such by management. They comprise investments in the equity of other entities where there is neither a fixed maturity nor fixed or determinable.

They are subsequently measured at fair value with changes in such fair value (ie gains or losses) recognised in other comprehensive income (except for impairment losses). When the financial asset is derecognised, the cumulative gain or loss pertaining to the asset previously recognised in other comprehensive income, is reclassified into profit or loss.

Available-for-sale financial assets are included in current assets where they are expected to be sold within 12 months after the end of the reporting period. All other available-for-sale financial assets are classified as non-current.

(v) Financial liabilities

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

Impairment

At the end of each reporting period, the Council assesses whether there is objective evidence that a financial instrument has been impaired.

A financial asset is deemed to be impaired if, and only if, there is objective evidence of impairment as a result of one or more events having occurred, which will have an impact on the estimated future cash flows of the financial asset(s).

In the case of available-for-sale financial instruments, a significant or prolonged decline in the market value of the instrument is considered a loss event. Impairment losses are recognised in profit or loss immediately. Also, any cumulative decline in fair value previously recognised in other comprehensive income is reclassified into profit or loss at this point.

(i) Financial Instruments (Continued)

Derecognition

Financial assets are derecognised where the contractual rights to receipt of cash flows expire or the asset is transferred to another party whereby the Council no longer has any significant continued involvement in the risks and benefits associated with the asset.

Financial liabilities are derecognised where the related obligations are discharged, cancelled or expire. The difference between the carrying amount of the financial liability extinguished or transferred to another party and the fair value of the consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

(j) Impairment

In accordance with Australian Accounting Standards the Council's assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired.

Where such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount.

Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another standard (eg AASB 116). Any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other standard.

For non-cash generating assets such as roads, drains, public buildings and the like, value in use is represented by the depreciated replacement cost of the asset.

(k) Trade and Other Payables

Trade and other payables represent liabilities for goods and services provided to the Council prior to the end of the financial year that are unpaid and arise when the Council becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition.

(l) Employee Benefits

Provision is made for the Council's liability for employee benefits arising from services rendered by employees to the end of the reporting period. Employee benefits that are expected to be settled within one year have been measured at the amounts expected to be paid when the liability is settled. Employee benefits payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those benefits. In determining the liability, consideration is given to the employee wage increases and the probability the employee may not satisfy vesting requirements. Those cash flows are discounted using market yields on national government bonds with terms to maturity matching the expected timing of cash flows.

(m) Borrowing Costs

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset.

(n) Provisions

Provisions are recognised when:

- a) the Council has a present legal or constructive obligation as a result of past events;
- b) for which it is probable that an outflow of economic benefits will result; and
- c) that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

(o) Leases

Leases of fixed assets, where substantially all the risks and benefits incidental to the ownership of the asset, but not legal ownership, are transferred to the Council, are classified as finance leases.

Finance leases are capitalised recording an asset and a liability at the lower amounts equal to the fair value of the leased property or the present value of the minimum lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

Leased assets are depreciated on a straight line basis over the shorter of their estimated useful lives or the lease term.

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses in the periods in which they are incurred.

Lease incentives under operating leases are recognised as a liability and amortised on a straight line basis over the life of the lease term.

(p) Investments in Associates

Associates are entities in which the Council has significant influence through holding, directly or indirectly, 20% or more of the voting power of the Council. Investments in associates are accounted for in the financial statements by applying the equity method of accounting, whereby the investment is initially recognised at cost and adjusted thereafter for the post-acquisition change in the Council's share of net assets of the associate entity. In addition, Council's share of the profit or loss of the associate entity is included in the Council's profit or loss.

The carrying amount of the investment includes goodwill relating to the associate. Any discount on acquisition, whereby the Council's share of the net fair value of the associate exceeds the cost of investment, is recognised in profit or loss in the period in which the investment is acquired.

Profits and losses resulting from transactions between the Council and the associate are eliminated to the extent of the Council's interest in the associate.

(q) Joint Venture

The Council's interest in a joint venture has been recognised in the financial statements by including its share of any assets, liabilities, revenues and expenses of the joint venture within the appropriate line items of the financial statement. Information about the joint venture is set out in Note 16.

The Council's interest in joint venture entities are recorded using the equity method of accounting (refer to Note 1(p) for details) in the financial report.

When the Council contributes assets to the joint venture or if the Council purchases assets from the joint venture, only the portion of gain or loss not attributable to the Council's share of the joint venture shall be recognised. The Council recognises the full amount of any loss when the contribution results in a reduction in the net realisable value of current assets or an impairment loss.

(r) Rates, Grants, Donations and Other Contributions

Rates, grants, donations and other contributions are recognised as revenues when the local government obtains control over the assets comprising the contributions. Control over assets

Control over assets acquired from rates is obtained at the commencement of the rating period or, where earlier, upon receipt of the rates.

Where contributions recognised as revenues during the reporting period were obtained on the condition that they be expended in a particular manner or used over a particular period, and those conditions were undischarged as at the reporting date, the nature of and amounts pertaining to those undischarged conditions are disclosed in Note 2(c). That note also discloses the amount of contributions recognised as revenues in a previous reporting period which were obtained in respect of the local government's operation for the current reporting period.

(s) Superannuation

The Council contributes to a number of superannuation funds on behalf of employees. All funds to which the Council contributes are defined contribution plans.

(t) Current and Non-Current Classification

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Council's operational cycle. In the case of liabilities where the Council does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current even if not expected to be realised in the next 12 months except for land held for resale where it is held as non-current based on Council's intentions to release for sale.

(u) Rounding Off Figures

All figures shown in this annual financial report, other than a rate in the dollar, are rounded to the nearest dollar.

(v) Comparative Figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

When the Council applies an accounting policy retrospectively, makes a retrospective restatement or reclassifies items in its financial statement, a statement of financial position as at the beginning of the earliest period will be disclosed.

(w) Budget Comparative Figures

Unless otherwise stated, the budget comparative figures shown in this annual financial report relate to the original budget estimate for the relevant item of disclosure.

3.3 Regional Price Preference

POLICY

- (1) Subject to statement (2) below a regional price preference of 10% is to apply to -
 - (a) a tenderer for the supply of goods and services who has been operating continuously the Shire of Mukinbudin.

- (3) Notwithstanding statements (1) and (2) above price is only one of the factors to be assessed when the local government decides which tender to accept, and the

cheapest or any tender will not necessarily be accepted. Other factors to be considered include due diligence, quality of the product, terms of supply including after sales service, freight costs, urgency factors, and budget provision.

- (4) A regional price preference applies whenever tenders are called unless the local government resolves otherwise in reference to a particular tender.

Investment Policy

Objectives

To invest the local government's surplus funds, with consideration of risk and at the most favourable rate of interest available to it at the time, for that investment type, while ensuring that its liquidity requirement are being met.

While exercising the power to invest, consideration is to be given in preservation of capital, liquidity, and the return of investment.

- Preservation of capital is the principal objective of the investment portfolio. Investments are to be performed in a manner that seeks to ensure security and safeguarding the investment portfolio. This includes managing credit and interest rate risk within identified thresholds and parameters.
- The investment portfolio will ensure there is sufficient liquidity to meet all reasonably anticipated cash flow requirements, as and when they fall due, without incurring significant costs due to the unanticipated sale of an investment.
- The investment is expected to achieve a predetermined market average rate of return that takes into account the Council's risk tolerance. Any additional return target set by Council will also consider the risk limitation and prudent investment principles.

Legislative Requirements

All investments are to comply with the following:

- *Local Government Act 1995* – Section 6.14;
- *The Trustees Act 1962* – Part III Investments;
- *Local Government (Financial Management) Regulations 1996* – Regulation 19, Regulation 28, and Regulation 49
- Australian Accounting Standards

Delegation of Authority

Authority for implementation of the Investment Policy is delegated by Council to the CEO in accordance with the *Local Government Act 1995*. The CEO may in turn delegate the day-to-day management of Council's Investment to senior staff or Chief Financial Officer subject to regular reviews.

Prudent Person Standard

The investment will be managed with the care, diligence and skill that a prudent person would exercise. Officers are to manage the investment portfolios to safeguard the portfolios in accordance with the spirit of this Investment Policy, and not for speculative purposes.

Ethics and Conflicts of Interest

Officers shall refrain from personal activities that would conflict with the proper execution and management of Council's investment portfolio. This policy requires officers to disclose any conflict of interest to the CEO.

Approved Investments

Without approvals from Council, investments are limited to:

- State/Commonwealth Government Bonds;
- Interest bearing deposits;
- Bank accepted/endorsed bank bills;
- Commercial paper;
- Bank negotiable Certificate of Deposits; and
- Managed Funds with a minimum long term Standard & Poor (S&P) rating of "A" and short term rating of "A2".

Prohibited Investments

This investment policy prohibits any investment carried out for speculative purposes including:

- Derivative based instruments;
- Principal only investments or securities that provide potentially nil or negative cash flow; and
- Stand-alone securities issued that have underlying futures, options, forwards contracts and swaps of any kind.

This policy also prohibits the use of leveraging (borrowing to invest) of an investment.

Risk Management Guidelines

Investments obtained are to comply with three key criteria relating to:

- a) Portfolio Credit Framework: limit overall credit exposure of the portfolio
- b) Counterparty Credit Framework: limit exposure to individual counterparties/institutions
- c) Term to Maturity Framework: limits based upon maturity of securities.

a) Overall Portfolio Limits

To control the credit quality on the entire portfolio, the following credit framework limits the percentage of the portfolio exposed to any particular credit rating category.

S&P Long Term Rating	S&P Short Term Rating	Direct Investment Maximum %	Managed Funds Maximum %
AAA	A-1+	100%	100%
AA	A-1	100%	100%
A	A-2	60%	80%

b) Counterparty Credit Framework

Exposure to an individual counterparty/institution will be restricted by its credit rating so that single entity exposure is limited, as detailed in the table below:

S&P Long Term	S&P Short Term	Direct Investment	Managed Funds
------------------------------	-------------------------------	------------------------------	--------------------------

Rating	Rating	Maximum %	Maximum %
AAA	A-1+	45%	50%
AA	A-1	35%	45%
A	A-2	20%	40%

If any of the local government investments are downgraded such that they no longer fall within the investment policy, they will be divested as soon as practicable.

Investments fixed for greater than 12 months are to be approved by Council and reviewed on a regular term and invested for no longer than 5 years.

c) Term to Maturity Framework

The investment portfolio is to be invested within the following maturity constraints:

Overall Portfolio Term to Maturity Limits	
Portfolio % <1 year	100 Max; 40% Min
Portfolio % >1 year	60%
Portfolio % > 3 year	35%
Portfolio % > 5 year	25%
Individual Investment Maturity Limits	
ADI	5 years
Non ADI	3 years

Investment Advisor

The local government's investment advisor must be approved by Council and licensed by the Australian Securities and Investment Commission. The advisor must be an independent person who has no actual or potential conflict of interest in relation to investment products being recommended; and is free to choose the most appropriate product within the terms and conditions of the investment policy.

Measurement

The investment return for the portfolio is to be regularly reviewed by an independent financial advisor by assessing the market value of the portfolio. The market value is to be assessed at least once a month to coincide with monthly reporting.

Benchmarking

Performance benchmarks need to be established.

Investment	Performance Benchmark
Cash	Cash Rate
Enhanced/Direct Investments	UBSWA Bank Bill
Diversified Funds	CPI + appropriate margin over rolling 3 year periods (depending upon composition of fund)

Reporting and Review

A monthly report will be provided to Council in support of the monthly statement of activity. The report will detail the investment portfolio in terms of performance, percentage exposure of total portfolio, maturity date and changes in market value.

An Investment Strategy will run in conjunction with the investment policy. The investment strategy will be reviewed with an independent investment adviser every six months with a more formal review once a year. The Strategy will outline:

- Council's cash flow expectations;
- Optimal target allocation of investment types, credit rating exposure, and term to maturity exposure and;
- Appropriateness of overall investment types for Council's portfolio.

This Investment Policy will be reviewed at least once a year or as required in the event of legislative changes.

Documentary evidence must be held for each investment and details thereof maintained in an investment Register.

Certificates must be obtained from the financial institutions confirming the amounts of investments held on the Council's behalf as at 30 June each year and reconciled to the Investment Register.

1.2 WHY DO WE NEED A PURCHASING POLICY?

The Shire of Mukinbudin is committed to setting up efficient, effective, economical and sustainable procedures in all purchasing activities. This policy:

- Provides the Shire of Mukinbudin with a more effective way of purchasing goods and services.
- Ensures that purchasing transactions are carried out in a fair and equitable manner.

- Promotes effective governance and definition of roles and responsibilities.
- Uphold respect from the public and industry for the Shire of Mukinbudin's purchasing practices that withstands probity.

1.3 ETHICS & INTEGRITY

1.3.1 Code of Conduct

All officers and employees of the Shire undertaking purchasing activities must have regard for the Code of Conduct requirements and shall observe the highest standards of ethics and integrity. All officers and employees of the Shire must act in an honest and professional manner at all times which supports the standing of the Shire.

1.3.2 Purchasing Principles

The following principles, standards and behaviours must be observed and enforced through all stages of the purchasing process to ensure the fair and equitable treatment of all parties:

- full accountability shall be taken for all purchasing decisions and the efficient, effective and proper expenditure of public monies based on achieving value for money;
- all purchasing practices shall comply with relevant legislation, regulations, and requirements consistent with the Shire's policies and Code of Conduct;
- purchasing is to be undertaken on a competitive basis where all potential suppliers are treated impartially, honestly and consistently;
- all processes, evaluations and decisions shall be transparent, free from bias and fully documented in accordance with applicable policies, audit requirements and relevant legislation;
- any actual or perceived conflicts of interest are to be identified, disclosed and appropriately managed; and
- any information provided to the Shire's by a supplier shall be treated as commercial-in-confidence and should not be released unless authorised by the supplier or relevant legislation.

1.4 VALUE FOR MONEY

1.4.1 Policy

Value for money is determined when the consideration of price, risk and qualitative factors that are assessed to determine the most advantageous outcome to be achieved for the Shire.

As such, purchasing decisions must be made with greater consideration than obtaining lowest price, but also to incorporate qualitative and risk factors into the decision.

1.4.2 Application

An assessment of the best value for money outcome for any purchasing process should consider:

- all relevant Total Costs of Ownership (TCO) and benefits including transaction costs associated with acquisition, delivery, distribution, as well as other costs such as but not limited to holding costs, consumables, deployment, maintenance and disposal;

- the technical merits of the goods or services being offered in terms of compliance with specifications, contractual terms and conditions and any relevant methods of assuring quality, including but not limited to an assessment of levels and currency of compliances, value adds offered, warranties, guarantees, repair and replacement policies, ease of inspection, ease of after sales service, ease of communications etc.
- financial viability and capacity to supply without risk of default (competency of the prospective suppliers in terms of managerial and technical capabilities and compliance history);
- a strong element of competition in the allocation of orders or the awarding of contracts. This is achieved by obtaining a sufficient number of competitive quotations wherever practicable;
- the safety requirements associated with both the product design and specification offered by suppliers and the evaluation of risk when considering purchasing goods and services from suppliers;
- purchasing of goods and services from suppliers that demonstrate sustainable benefits and good corporate social responsibility; and
- providing opportunities for businesses within the Shire's boundaries to be given the opportunity to quote for providing goods and services wherever possible.

1.5 PURCHASING REQUIREMENTS

1.5.1 Legislative / Regulatory Requirements

The requirements that must be complied with by the Shire, including purchasing thresholds and processes, are prescribed within the Regulations, this Policy and associated purchasing procedures in effect at the Shire.

1.5.2 Policy

Purchasing that is **\$150,000 or below in total value** (excluding GST) must be in accordance with the purchasing requirements under the relevant threshold as defined under section 0 of this Purchasing Policy.

Purchasing that **exceeds \$150,000 in total value** (excluding GST) must be put to public Tender when it is determined that a regulatory Tender exemption, as stated under 0 of this Policy is not deemed to be suitable.

1.5.3 Purchasing Value Definition

Determining purchasing value is to be based on the following considerations:

1. Exclusive of Goods and Services Tax (GST);
2. The actual or expected value of a contract over the full contract period, including all options to extend; or the extent to which it could be reasonably

expected that the Shire will continue to purchase a particular category of goods, services or works and what total value is or could be reasonably expected to be purchased. A best practice suggestion is that if a purchasing threshold is reached within three years for a particular category of goods, services or works, then the purchasing requirement under the relevant threshold (including the tender threshold) must apply.

3. Must incorporate any variation to the scope of the purchase and be limited to a 10% tolerance of the original purchasing value.

1.5.4 Purchasing from Existing Contracts

Where the Shire has an existing contract in place, it must ensure that goods and services required are purchased under these contracts to the extent that the scope of the contract allows. When planning the purchase, the Shire must consult its Contracts Register in the first instance before seeking to obtain quotes and tenders on its own accord.

1.5.5 Purchasing Thresholds

The table below prescribes the purchasing process that the Shire must follow, based on the purchase value:

Purchase Value Threshold	Purchasing Requirement
Up to \$5,000	<p>Purchase directly from a supplier using a Purchasing or Corporate Credit Card issued by the Shire</p> <ul style="list-style-type: none"> •
Over \$5,000 and up to \$50,000	<p>Obtain at least two (2) written quotations from suppliers following a brief outlining the specified requirement, either from:</p> <ul style="list-style-type: none"> • an existing panel of pre-qualified suppliers administered by the Shire; or • a pre-qualified supplier on the WALGA Preferred Supply Program or State Government CUA; or • from the open market.
Over \$50,000 and up to \$150,000	<p>Obtain at least three (3) written quotations from suppliers by formal invitation under a Request for Quotation, containing price and detailed specification of goods and services required. The procurement decision is to be based on pre-determined evaluation criteria that assesses all value for money considerations in accordance with the definition</p>

	<p>stated within this Policy.</p> <p>Quotations within this threshold may be obtained from:</p> <ul style="list-style-type: none"> • an existing panel of pre-qualified suppliers administered by the Shire; or • a pre-qualified supplier on the WALGA Preferred Supply Program or State Government CUA; or • from the open market. <p>Requests for quotation from a pre-qualified panel of suppliers (whether administered by the Shire through the WALGA preferred supply program or State Government CUA) are not required to be invited using a Request for Quotation form, however at least three written quotes are still required to be obtained.</p>
Over \$150,000	<p>Where the purchasing requirement is not suitable to be met through a panel of WALGA pre-qualified suppliers, or any other tender-exempt arrangement as listed under section 0 of this Policy, conduct a public Request for Tender process in accordance with Part 4 of the <i>Local Government (Functions and General) Regulations 1996</i>, this policy and the Shire's tender procedures. The procurement decision is to be based on pre-determined evaluation criteria that assesses all value for money considerations in accordance with the definition stated within this Policy.</p>

1.5.6 Tendering Exemptions

An exemption to publicly invite tenders may apply in the following instances:

- the purchase is obtained from a pre-qualified supplier under the WALGA Preferred Supply Program or State Government Common Use Arrangement.
- the purchase is from a Regional Local Government or another Local Government;
- the purchase is acquired from a person registered on the WA Aboriginal Business Directory, as published by the Small Business Development Corporation, where the consideration under contract is worth \$250,000 or less and represents value for money;
- the purchase is acquired from an Australian Disability Enterprise and represents value for money;
- the purchase is from a pre-qualified supplier under a Panel established by the Shire; or
- any of the other exclusions under Regulation 11 of the Regulations apply.

1.5.7 Inviting Tenders Under the Tender Threshold

Where considered appropriate and beneficial, the Shire may consider publicly advertising Tenders in lieu of undertaking a Request for Quotation for purchases under the tender threshold. This decision should be made after considering the benefits of this approach in comparison with the costs, risks, timeliness and compliance requirements and also whether the purchasing requirement can be met through the WALGA Preferred Supply Program or State Government CUA.

If a decision is made to undertake a public Tender for contracts expected to be \$150,000 or less in value, the Shire's tendering procedures must be followed in full.

1.5.8 Sole Source of Supply

Where the purchasing requirement is over the value of \$10,000 and of a unique nature that can only be supplied from one supplier, the purchase is permitted without undertaking a tender or quotation process. This is only permitted in circumstances where the Shire is satisfied and can evidence that there is only one source of supply for those goods, services or works. The Shire must use its best endeavours to determine if the sole source of supply is genuine by exploring if there are any alternative sources of supply. Once determined, the justification must be endorsed by the Chief Executive Officer, prior to a contract being entered into.

From time to time, the Shire may publicly invite an expression of interest to effectively determine that one sole source of supply still genuinely exists.

1.5.9 Anti-Avoidance

The Shire shall not enter into two or more contracts or create multiple purchase order transactions of a similar nature for the purpose of "splitting" the value of the purchase or contract to take the value of the consideration of the purchase below a particular purchasing threshold, particularly in relation to Tenders and to avoid the need to call a public Tender.

1.5.10 Emergency Purchases

An emergency purchase is defined as an unanticipated and unbudgeted purchase which is required in response to an emergency situation as provided for in the *Local Government Act 1995*. In such instances, quotes and tenders are not required to be obtained prior to the purchase being undertaken.

An emergency purchase does not relate to purchases not planned for due to time constraints. Every effort must be made to anticipate purchases required by the Shire in advance and to allow sufficient time to obtain quotes and tenders, whichever may apply.

1.6 SUSTAINABLE PROCUREMENT AND CORPORATE SOCIAL RESPONSIBILITY

The Shire is committed to providing a preference to suppliers that demonstrate sustainable business practices and high levels of corporate social responsibility (CSR). Where appropriate, the Shire shall endeavour to provide an advantage to suppliers demonstrating that they minimise environmental and negative social impacts and embrace CSR. Sustainable and CSR considerations must be balanced against value for money outcomes in accordance with the Shire's sustainability objectives.

1.7 BUY LOCAL POLICY

As much as practicable, the Shire must:

- where appropriate, consider buying practices, procedures and specifications that do not unfairly disadvantage local businesses;
- consider indirect benefits that have flow on benefits for local suppliers (i.e. servicing and support);
- ensure that procurement plans address local business capability and local content;
- explore the capability of local businesses to meet requirements and ensure that Requests for Quotation and Tenders are designed to accommodate the capabilities of local businesses;
- avoid bias in the design and specifications for Requests for Quotation and Tenders – all Requests must be structured to encourage local businesses to bid; and
- provide adequate and consistent information to potential suppliers.

To this extent, a qualitative weighting may be afforded in the evaluation of quotes and tenders where suppliers are located within the boundaries of the Shire, or substantially demonstrate a benefit or contribution to the local economy.

A regional price preference may be afforded to locally based businesses for the purposes of assessment. Provisions are detailed within the Shire's Regional Price Preference Policy.

1.8 PURCHASING FROM DISABILITY ENTERPRISES

Pursuant to Part 4 of the *Local Government (Functions and General) Regulations 1996*, the Shire is not required to publicly invite tenders if the goods or services are to be supplied from an Australian Disability Enterprise, as registered on www.ade.org.au. This is contingent on the demonstration of value for money.

Where possible, Australian Disability Enterprises are to be invited to quote for supplying goods and services under the tender threshold. A qualitative weighting may be afforded in the evaluation of quotes and tenders to provide advantages to Australian Disability Enterprises.

1.9 PURCHASING FROM ABORIGINAL BUSINESSES

Pursuant to Part 4 of the *Local Government (Functions and General) Regulations 1996*, the Shire is not required to publicly invite tenders if the goods or services are to be supplied from a person registered on the Aboriginal Business Directory published by the Small Business Development Corporation on www.abdwa.com.au, where the expected consideration under contract is worth \$250,000 or less. This is contingent on the demonstration of value for money.

Where possible, Aboriginal businesses are to be invited to quote for supplying goods and services under the tender threshold. A qualitative weighting may be afforded in the evaluation of quotes and tenders to provide advantages to Aboriginal owned businesses, or businesses that demonstrate a high level of aboriginal employment.

1.10 PANELS OF PRE-QUALIFIED SUPPLIERS

1.10.1 Policy Objectives

In accordance with Regulation 24AC of the *Local Government (Functions and General) Regulations 1996*, a Panel of Pre-qualified Suppliers ("Panel") may be created where most of the following factors apply:

- the Shire determines that a range of similar goods and services are required to be purchased on a continuing and regular basis;
- there are numerous potential suppliers in the local and regional procurement-related market sector(s) that satisfy the test of 'value for money';
- the purchasing activity under the intended Panel is assessed as being of a low to medium risk;
- the Panel will streamline and will improve procurement processes; and
- the Shire has the capability to establish, manage the risks and achieve the benefits expected of the proposed Panel.

The Shire will endeavour to ensure that Panels will not be created unless most of the above factors are firmly and quantifiably established.

1.10.2 Establishing a Panel

Should the Shire determine that a Panel is beneficial to be created, it must do so in accordance with Part 4, Division 3 the *Local Government (Functions and General) Regulations 1996*.

Panels may be established for one supply requirement, or a number of similar supply requirements under defined categories within the Panel.

Panels may be established for a minimum of two (2) years and for a maximum length of time deemed appropriate by the Shire.

Evaluation criteria must be determined and communicated in the application process by which applications will be assessed and accepted.

Where a Panel is to be established, the Shire will endeavour to appoint at least three (3) suppliers to each category, on the basis that best value for money is demonstrated. Where less than three (3) suppliers are appointed to each category within the Panel, the category is not to be established.

In each invitation to apply to become a pre-qualified supplier (through a procurement process advertised through a state-wide notice), the Shire must state the expected number of suppliers it intends to put on the panel.

Should a Panel member leave the Panel, they may be replaced by the next ranked Panel member determined in the value for money assessment should the supplier agree to do so, with this intention to be disclosed in the detailed information set out under Regulation 24AD(5)(d) and (e) when establishing the Panel.

10.1.3 Distributing Work Amongst Panel Members

To satisfy Regulation 24AD(5) of the Regulations, when establishing a Panel of pre-qualified suppliers, the detailed information associated with each invitation to apply to join the Panel must either prescribe whether the Shire/Town/City intends to:

- i. Obtain quotations from each pre-qualified supplier on the Panel with respect to all purchases, in accordance with Clause 0; or
- ii. Purchase goods and services exclusively from any pre-qualified supplier appointed to that Panel, and under what circumstances; or
- iii. Develop a ranking system for selection to the Panel, with work awarded in accordance with Clause 10.1.3(b).

In considering the distribution of work among Panel members, the detailed information must also prescribe whether:

- a) each Panel member will have the opportunity to bid for each item of work under the Panel, with pre-determined evaluation criteria forming part of the invitation to quote to assess the suitability of the supplier for particular items of work. Contracts under the pre-qualified panel will be awarded on the basis of value for money in every instance; or
- b) work will be awarded on a ranked basis, which is to be stipulated in the detailed information set out under Regulation 24AD(5)(f) when establishing the Panel. The Shire/Town/City is to invite the highest ranked Panel member, who is to give written notice as to whether to accept the offer for the work to be undertaken. Should the offer be declined, an invitation to the next ranked Panel member is to be made and so forth until a Panel member accepts a Contract. Should the list of Panel members invited be exhausted with no Panel member accepting the offer to provide goods/services under the Panel, the Shire may then invite suppliers that are not pre-qualified under the Panel, in accordance with the Purchasing Thresholds stated in

section 5.5 of this Policy. When a ranking system is established, the Panel must not operate for a period exceeding 12 months.

In every instance, a contract must not be formed with a pre-qualified supplier for an item of work beyond 12 months, which includes options to extend the contract.

10.1.4 Purchasing from the Panel

The invitation to apply to be considered to join a panel of pre-qualified suppliers must state whether quotations are either to be invited to every member (within each category, if applicable) of the Panel for each purchasing requirement, whether a ranking system is to be established, or otherwise.

Each quotation process, including the invitation to quote, communications with panel members, quotations received, evaluation of quotes and notification of award communications must all be made through eQuotes, or any other electronic quotation facility.

10.1.5 Recordkeeping

Records of all communications with Panel members, with respect to the quotation process and all subsequent purchases made through the Panel, must be kept.

For the creation of a Panel, this includes:

- The Procurement initiation document such as a procurement business case which justifies the need for a Panel to be created;
- Procurement Planning and approval documentation which describes how the procurement is to be undertaken to create and manage the Panel;
- Request for Applications documentation;
- Copy of public advertisement inviting applications;
- Copies of applications received;
- Evaluation documentation, including clarifications sought;
- Negotiation documents such as negotiation plans and negotiation logs;
- Approval of award documentation;
- All correspondence to applicants notifying of the establishment and composition of the Panel such as award letters;
- Contract Management Plans which describes how the contract will be managed; and
- Copies of framework agreements entered into with pre-qualified suppliers.

The Shire is also to retain itemised records of all requests for quotation, including quotations received from pre-qualified suppliers and contracts awarded to Panel members. A unique reference number shall be applied to all records relating to each quotation process, which is to also be quoted on each purchase order issued under the Contract.

Information with regards to the Panel offerings, including details of suppliers appointed to the Panel, must be kept up to date, consistent and made available for access by all officers and employees of the Shire.

3.6 Payment of Fees – Mukinbudin Caravan Park

POLICY

All fees payable for accommodation or otherwise at the Mukinbudin Caravan Park are to be paid in advance. Any person who is more than 48 hours in arrears of payment will be refused further accommodation until all outstanding fees are paid in full.

OBJECTIVE

To provide guidance of the payment requirements for accommodation at the Mukinbudin Caravan Park.

4.8 Drug and Alcohol Testing

POLICY

The following policy and procedures will be implemented throughout the administration and operations areas of the Shire and shall apply to and be binding upon all employees and Councillors, of the Shire.

1. Purpose

The objective of this policy is to implement a fair, pro-active Alcohol & Other Drugs Testing Program that will contribute to safety and health of all employees of the Shire.

The Shire is committed to safety as the number one priority for all of its operations. The goal is to carry out work in such a manner that the potential for injury is reduced.

It is the intention to create an environment where employees recognise the health and safety risks of misusing alcohol and other drugs and thus provide an opportunity for employees to obtain assistance to avoid such misuse.

2. Scope

This procedure details the conditions and methods for testing of Shire employees for alcohol and other drugs. It details the circumstances under which employees may be tested. It describes the processes that are adopted following any positive test. It outlines the normal course of events for the employee who has tested positive to alcohol or another drug.

Employees are prohibited from using, possessing, distributing, dispensing, manufacturing, being under the influence of, and misusing alcohol or other drugs, chemicals or controlled substances while actively working for the Shire.

Such use, involvement or misuse is prohibited at any time to the extent it violates the law and negatively affects the Shire's business and reputation by undermining public and customer confidence in the Shire's ability to provide a safe workplace for all its employees. Such use also breaches the Shire's Occupational Health & Safety Policy.

3. Training

This Alcohol and Other Drug Awareness Policy has been formulated so the Shire's employees will recognise the potential impact of alcohol and drug misuse for both themselves personally and at work for the safety of all.

The program is an intrinsic component of the Shire's commitment to safety. Part of the overall program will include a fair and controlled system of breathalyser testing for alcohol and urine sampling for illegal drugs.

It is intended that this program will function smoothly and compliment the Shire's safety program. Fairness and dignity will be an absolute priority in the implementation of this program.

This program shall form part of each employee's induction into the Shire's work force and shall be reinforced by Management through regular renewal

and familiarisation presentations to employees from Managers and invited consultants on the subject of the abuse of alcohol and other drugs.

4. Alcohol and Other Drug Testing

4.1 Authorised Testers

Consistent with the Shire of Mukinbudin's obligation to provide a safe workplace for all its employees, this procedure will be used with respect to the prevention of impairment as a result of the use of alcohol or other drugs.

- Breathalyser testing may be conducted or authorised by :

Chief Executive Officer; or Finance & Administration Manager and Works Supervisor – only where the CEO is unavailable to authorise the test immediately after which he or she is to be notified at the earliest possible time.

The tester shall be trained in the use of the equipment.

- Blood testing may be authorised by:

Chief Executive Officer; or Finance & Administration Manager and Works Supervisor – only where the CEO is unavailable to authorise the test immediately after which he or she is to be notified at the earliest possible time.

A doctor, nurse or any member of any hospital

or nursing post staff shall perform the test.

4.2 Testing

Testing will take place under the following circumstances:

- Suspicion of being under the influence of alcohol or other drugs.
- If any employee suspects that another employee is under the influence of alcohol or other drugs, the employee should contact their immediate supervisor.
- The employee should be advised that he is thought to be under the influence of alcohol or other drugs.
- All results of such tests will be recorded however all documentation resulting from negative testing shall be destroyed.
- The employee participating in the test may ask for an independent witness, who must be immediately available. If their witness is not immediately available the tester will organise a witness.

4.3 Random Testing

Any staff member may be tested at any time, without reason, or without warning.

Alcohol and drug testing will only be carried out during working hours.

At the time of collecting a Shire vehicle, a Councillor may be tested, without reason, or without warning. A Councillor may be tested outside normal working hours.

4.4 Testing Following an Accident

Following any accident the driver, or any individual associated with the accident, may be alcohol and drug tested.

4.5 Voluntary Testing

An employee may volunteer to undertake alcohol or drug testing prior to commencing work at the discretion of the CEO.

4.6 Positive Tests

An acceptable level of alcohol indicated by the Breathalyser is less than 0.02% Blood Alcohol Concentration ("BAC").

4.7 Illegal drugs - use, or under the influence:

- An employee will be considered to be using, or under the influence of illegal drugs, if he receives a confirmed positive test for the substances identified in the procedure at the designated cut-off level.
- Designated Substances and Cut-off Levels for Drug Screening

Drugs to be Tested	Initial Cut-off Level (ng/ml)
Cannabinoids: (TCH Marijuana)	50
Benzolecgonine (Cocaine)	300
Amphetamines	1000
Opiates	300
Phencyclidine (PCPO)	25

These substances and cut-off levels are identical to

those established by the Department of Health and Human Services ("HHS") Mandatory Guidelines for Federal Workplace Drug Testing Programs, which are subject to change by the Department of Health and Human Services. Any modification in the HHS National Institute on Drug Abuse ("NIDA") panel of drugs or cut-off levels, or subsequent "Standards of Australia for Drugs of Abuse in Urine" will automatically result in an identical change to this procedure.

4.8 First Positive Test

- Should a breathalyser test indicate 0.02% BAC or more, or should the employee test positive to drugs (i.e. above the Initial Cut-off Level), the employee shall be provided with transport home, and be paid for work done until the time that the breathalyser or other drug test was carried out.
- On returning to work, after recording a positive reading, the employee will be re-tested and must record a reading below the nominated threshold value before being allowed to start work. They will be advised of the impact of the situation and that counselling is available. This employee will also be cautioned about the consequences in the case of any repeat episode. The results and the advice should be provided in writing to the employee and recorded in the employee's file. He will be informed that he will be individually tested on a random date in the near future. The immediate supervisor will be present at these discussions together with any witness of the employee's choosing.

4.9 Second Positive Test

- An employee who registers over 0.02% BAC or tests positive to other illegal drugs, a second time within a 12 month period shall be required to undertake professional counselling. If the requirement of counselling is refused then the employee's circumstances will be dealt with accordingly through the disputes procedure of this Award. The normal expectation will be that a suspension will be enforced until the matter is resolved.

4.10 Third Positive Test

- If an employee registers 0.02% BAC or tests positive to illegal drugs, a third time within a 12 month period, in the interests of the employee's own safety and of the safety of other employees of the Shire their employment will be terminated.

5. General Conditions

5.1 Testers and Equipment

- All testers must be properly trained in its application.
- The breathalyser must be maintained and calibrated in accordance with approved standards.

5.2 Failure of Test

- All alcohol and drug testing will be carried

out in normal working hours.

- Should an employee refuse the test, the employee should be counselled that refusal supports the suspicion of the employee being under the influence of alcohol or other drugs and should refusal persist that employee will be sent home without pay and be required to undergo testing before resuming work. Where applicable the employee's union will be advised of the circumstances.
- People should be advised that, if a blood test is warranted certified as occurring within two (2) hours of the disputed test and it indicates that the employee did not have a blood alcohol level of 0.02% BAC or greater or above the prescribed limits of another drug in their systems, when originally tested, the employee will be paid wages for the day and no positive test will be recorded.
- An employee who volunteers to undertake a test prior to commencing work and who would normally have commenced work without undertaking such a test, who registers 0.02% BAC or greater or tests positive to drugs, will be stood down without pay for the duration of the shift. Re-testing must occur before resuming work.

5.3 Other Results

In the case of alcohol, where an employee tests positive to alcohol in their system but tests under 0.02% BAC, the following processes will take place:

- Under these circumstances the

employee's BAC may be decreasing or it may be increasing if the employee has been drinking during the previous hour.

- In the interests of safety he will be directed not to commence any physical work or drive a vehicle or operate any item of plant or machinery.
- The employee will be re-tested 30 minutes after the original test.
- If the test is negative the employee may return to work, there will be no counselling and there will be no recording of the event.
- If the later test indicates a BAC of 0.02% BAC, or greater, the normal procedure for Positive Testing will follow.

5.4 Costs

- Where an employee tests positive to alcohol or other drugs and requires professional counselling, the employee will be accountable for initial referral and counselling costs.

5.5 Other

The Shire of Mukinbudin OH&S Committee will act as facilitators to assist all employees and ensure the most beneficial services are provided to the employee concerned.

OBJECTIVES

The objective of this policy is to implement a fair, pro-active Alcohol & Other Drugs Testing Program that will contribute to safety and health of all employees of the Shire.

4.12 Long Service Leave (LSL)

POLICY

All Staff Long Service Leave is governed by the *Local Government (Long Service Leave) Regulations* made under the *Local Government Act 1960*

Reg 7 states:

7. Taking leave

- (1) Where a worker is entitled to long service leave —
 - (a) at least 2 months' notice of the date from which the leave is to be taken shall be given by one party to the other unless otherwise agreed in writing between the parties;
 - (b) the employer shall not require the worker to commence the leave within 6 months of the date on which the worker became entitled to it;
 - (c) the leave taken shall be inclusive of any public holidays allowable under the worker's conditions of employment but shall not be inclusive of any annual leave;
 - (d) the leave may be granted and taken in one consecutive period or, if the worker and the employer so agree, in not more than 3 separate periods.
- (2) Subject to subregulation (1) long service leave shall be taken at the earliest practicable date.

Request for Deferral by the employee

The Local Government (Long Service Leave) Regulations prescribe that an employee is entitled to 13 weeks of Long Service Leave after 10 years of continuous service at a rate of pay based on the average number of ordinary hours for the previous twelve months.

The practice of the Shire of Mukinbudin is for an employee who has accrued the Long Service Leave entitlement to take the full 13 weeks entitlement between the date the entitlement falls due and six months later unless otherwise requested formally in writing by the CEO.

If the employee chooses to delay taking part or all of their entitlement beyond the 10 year six month mark then the rate of pay will be the lesser of;

1. the rate of pay at the 10 year six month mark,
- OR**
2. the rate of pay the employee was paid at the time of taking the postponed Long Service Leave.

The employee's weekly wage whilst taking the postponed Long Service Leave or part Long Service Leave entitlement shall be based on the lesser of:

1. The average number of ordinary hours the employee has worked in the previous twelve months to the commencement or deemed commencement of the postponed Long Service Leave,
- OR**
2. the average number of ordinary hours worked at the 10 year 6 month mark for the previous 12 months.

Request for Deferral by the employer (Shire of Mukinbudin)

Where the Shire of Mukinbudin requests a staff member to defer their Long Service Leave as it is not convenient to the organisation and the employee agrees then the employee agrees with the employers request to delay taking part or all of their entitlement beyond the 10 year six month mark then the rate of pay will be the rate of pay the employee is paid at the time of taking the postponed Long Service Leave.

NB: All requests by the employee or the employer must be reported to Council in a formal agenda item approving the proposed LSL arrangement.

Reg 6A covers request for LSL on Half Pay (26 weeks)

6A. Leave on half pay

Where a worker commences a period of long service leave, the worker may, if the worker and his employer so agree in writing, be paid for each week of that period at half the rate at which he would otherwise be entitled under regulation 8 to be paid, but only half of any period of leave in respect of which the worker is so paid shall be taken into account for the purpose of ascertaining the amount of leave, if any, to which he is thereafter entitled and for the purpose of applying the formula in regulation 9(3).

Reg 6B covers Requests for LSL on Double pay (6 1/2 weeks)

6B. Leave on double pay

Where a worker commences a period of long service leave the worker may, if the worker and his or her employer so agree in writing, be paid for each week of that period at double the rate at which he or she would otherwise be entitled under regulation 8 to be paid, but double any period of leave in respect of which the worker is so paid shall be taken into account for the purpose of ascertaining the amount of leave, if any, to which the worker is thereafter entitled and for the purposes of applying the formula in regulation 9(3).

Tier 1 – District Distributor Road

Road Description: Sealed Roads – Mainly the Shire’s Roads of Regional Significance (2030 roads) and the sealed section of the Mukinbudin North East Rd, that generally link townsites and offrail CBH facilities to the Mukinbudin townsite. These are the highest priority roads within the Shire.

Expected Level of Service: Upgrade and maintain to Standard Type 5 sealed road (minimum 10m carriageway width and minimum 7m seal width). The sealed surface is to be kept free of potholes and severe

surface deformations. The unsealed shoulders to be trafficable and kept free of debris. The verge vegetation is to be kept trimmed back to behind the top of table drain back cut on each side.

Expected Road Capital Expenditure: Will receive regular consideration for Capital improvements and preservation works.

Please note that:

- 12.07km of the sealed section on the Wialki North East Rd from SLK 0.0 to 17.3,
- the sealed 3.75km section on the Bonnie Rock / Lake Brown Rd from SLK 0.0 to 3.75, and
- the entire 20.83km of Wilgoyne Rd (at 6.4m sealed width)

are currently the only Tier 1 roads not meeting the type 5 standard, and should be considered upgrading to type 5 standard (Council may adopt to leave these sections at their current seal width). Apart from these upgrade works, the remaining sealed roads are to be preserved via reconstructing and sealing works. On sections where surface deformations are currently severe enough or are expected to deteriorate to "severe" status in the next 20 years, these are to be reconstructed and 2 coat primer sealed. Otherwise, and funding permitting, all other sections should be sealed within a 20 year period.

Expected Road Maintenance Expenditure : All unsealed road shoulders, table drains and side drains on these roads, will be graded once during the summer or autumn period each year, to ensure unsealed shoulders meet bitumen shoulder edge levels, and are free of vegetative growth and trafficable, and table drains and side drains are cleaned out and devoid of vegetative growth.

Tier 2 – Local Distributor Road - Level 1

Road Description: Paved (unsealed roads) that interconnect between Tier 1 roads. These are the second highest priority roads within the Shire.

Expected Level of Service : Upgrade to, and maintain a paved unsealed road to minimum 9m carriageway width and minimum 200mm gravel pavement thickness. The unsealed surface is to be trafficable and kept as corrugation free as is practically possible, and kept free of debris. The verge vegetation is to be kept trimmed back to behind the top of table drain backcut on each side.

Expected Road Capital Expenditure : Whilst the Roads to Recovery funding program is available, these roads will receive regular consideration for Capital Improvements and preservation (gravel resheeting and possible widening).

Expected Road Maintenance Expenditure: These roads will generally receive one (1) "winter" maintenance grade during the wetter part of the winter period each year, and one (1) "summer" maintenance grade during the harvest period each year (to remove grain traffic corrugations – cut off and spread material down shoulder on one side to pick up material next "winter" grade - and table drains and side drains are cleaned out and devoid of vegetative growth).

Tier 3 – Local Distributor Road - Level 2

Road Description: Paved (unsealed roads) that interconnect between Tier 1 and Tier 2 roads. These are the third highest priority roads within the Shire.

Expected Level of Service : Upgrade to, and maintain a paved unsealed road to minimum 8m carriageway width and minimum 150mm gravel pavement thickness. The unsealed surface is to be trafficable and kept as corrugation free as is practically possible, and kept free of debris. The verge vegetation is to be kept trimmed back to behind the top of table drain backcut on each side.

Expected Road Capital Expenditure: Whilst the Roads to Recovery funding program is available, these roads will receive some consideration for Capital Improvements and preservation (gravel resheeting and possible widening).

Expected Road Maintenance Expenditure : These roads will generally receive one (1) "winter" maintenance grade during the wetter part of the winter period each year, including cleaning out the table drains and side drains to remove vegetative growth.

Tier 4 – Local Access Road - Level 1

Road Description: Formed or Paved (unsealed) roads that interconnect between Tier 1, 2, and 3 roads. These are the fourth highest priority roads within the Shire.

Expected Level of Service : Upgrade and maintain the existing formed or paved (unsealed) road to minimum 6.1m carriageway width (this is the minimum carriageway width requirement for potential future Low Volume Type A Network 7 RAV access – with maximum speed limit of 40 km/hr and site distance less than 250m). The unsealed surface is to be trafficable and kept free of debris. The verge vegetation is to be kept trimmed back to behind the top of table drain backcut on each side.

Expected Road Capital Expenditure : These roads will receive some consideration for Capital Improvements and preservation (only to widen the carriageway – or formation – to meet the minimum carriageway width of 6.1m for potential future Low Volume Type A Network 7 RAV access – with maximum speed limit of 40 km/hr and site distance less than 250m). Please note that this potential widening work could possibly be completed with Road Maintenance Expenditure over time by gradually widening the road formation when cleaning out the table drains.

Expected Road Maintenance Expenditure : These roads will generally receive one (1) “winter” maintenance grade during the drier parts of the winter period each year, including cleaning out the table drains and side drains to remove vegetative growth.

Tier 5 – Local Access Road - Level 2

Road Description: Very narrow Formed or Paved (unsealed) roads that interconnect between Tier 1, 2, 3 and 4 roads and are generally less than 8km in length, or are “No Through” roads. These are the lowest priority roads within the Shire.

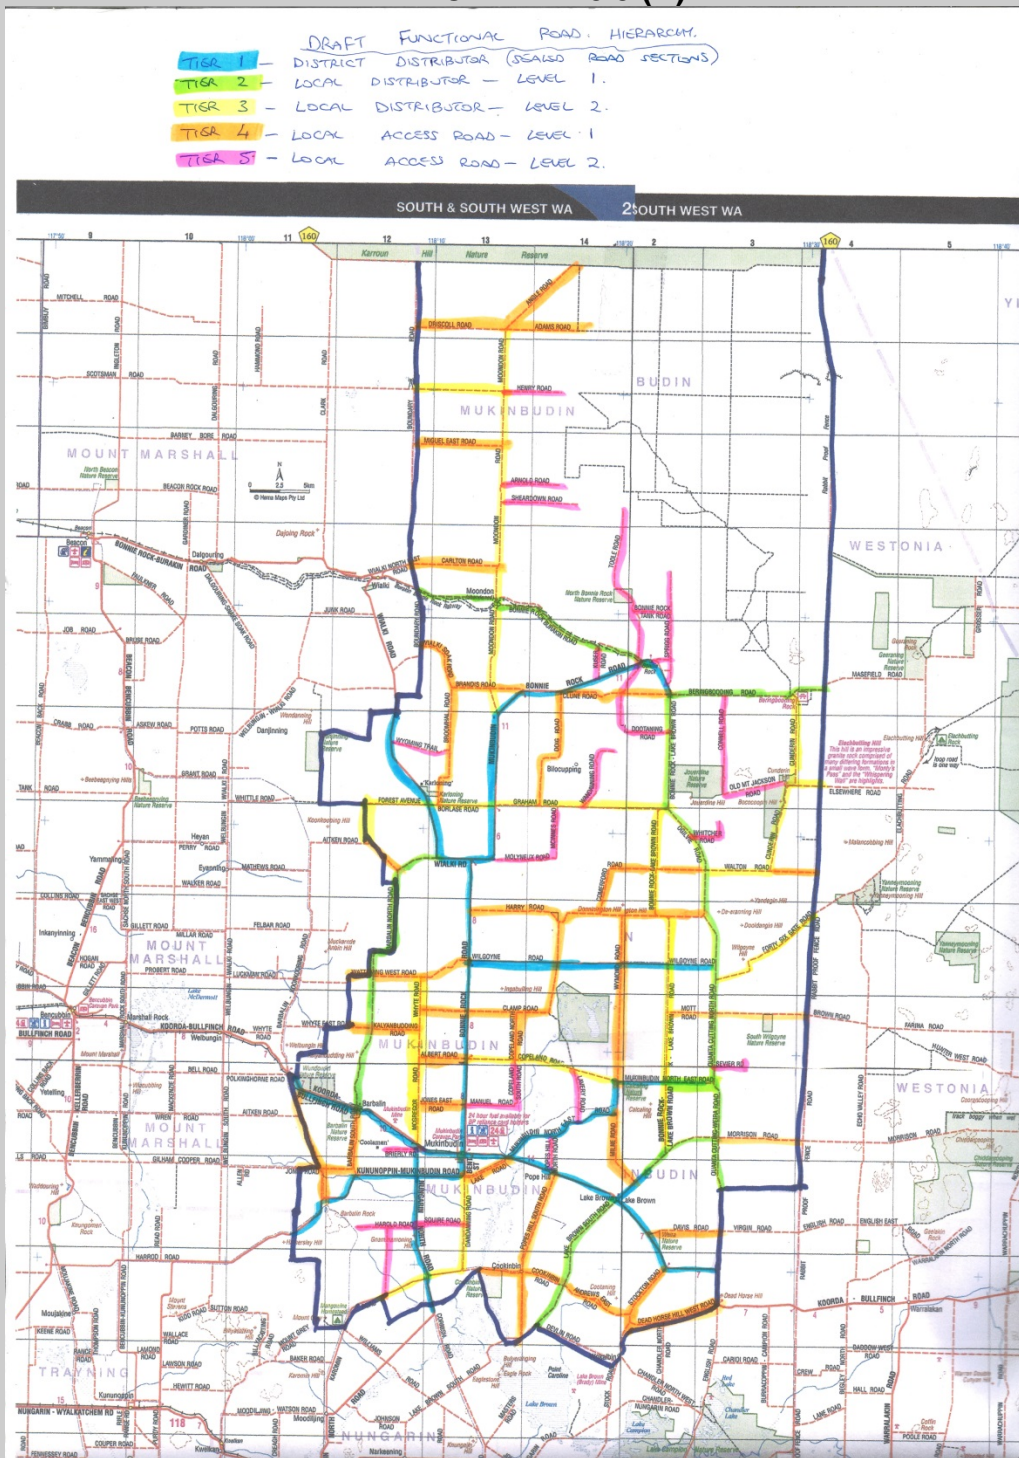

Expected Level of Service : Maintain the existing formed or paved (unsealed) road to current carriageway width. The unsealed surface is to be trafficable and kept free of debris. Please note that where carriageway widths are less than 6.1m and the road length is greater than 5km, there will be no Low Volume RAV access (or any RAV access) available on these roads.

Expected Road Capital Expenditure : These roads will receive no consideration for Capital Improvements and preservation.

Expected Road Maintenance Expenditure : These roads will generally receive one (1) “winter” maintenance grade during the drier parts of the winter period every second winter, including cleaning out the side drains to remove vegetative growth.

5.13 Deep Drainage Policy

POLICY	That installation of culverts across road reserves is to be the responsibility of the landowner with work to be undertaken by Shire staff as private works.
OBJECTIVES	<p>This policy is designed to guide Council in relation to applications for deep drainage that directly affects Shire controlled lands and infrastructure (i.e. Shire roads, reserves and townsites).</p> <p>This policy is designed to allow input to drainage proposals that affect Shire infrastructure and private land and inform the community about proposals.</p>
GUIDELINES	<p>Prior to commencement of drainage works within the Shire of Mukinbudin a landholder or authorised agent must submit a Notice of Intent to Drain to the Department of Agriculture pursuant to Soil and Land Conservation Regulations 1992.</p> <p>Unless otherwise approved by Council, all drains and associated embankments must not encroach onto Shire managed land.</p> <p>At Councils discretion the landowner may be required to submit a certified report carried out by an appropriately qualified Environmental Consultant identifying what impacts the drainage proposal will have on the environment within the catchment. Catchment being all that area in which surface water would/may affect the proposal from commencement point to terminal point.</p> <p>If the installation does not proceed within 24 months of approval by Council, the approval lapses, and the application must be resubmitted.</p>

Structure of culvert

The width of the culvert crossing is to be a minimum of 12 metres each side from the centre of the constructed road. Headwalls and silt traps to be installed and located within the boundary of the proponents property.

Any deep drainage system that proposes a development in excess of ten (10) kilometers in length, the Council may require the above mentioned certified report.

Insurance

Any proposal to carry waters through Council infrastructure must include the preparedness of the proponent, at the proponents cost, to indemnify the Council of any liability incurred from any action of law resulting from the development.

Maintenance

The developer shall enter into an agreement with the Shire of Mukinbudin that future maintenance costs of the drainage conveyance shall be at the developer's cost and recorded as an absolute caveat of the affected land. Such remedial works shall be carried out within 14 days of advice from the Shire of Mukinbudin.

At Council's discretion, proposals to conduct water through Shire infrastructure must be accompanied by an Engineering design, as per Attachment 5.13 (A), taking into account the impact on Shire's land and/or infrastructure of extra-ordinary events that may cause damage to the integrity of the drainage conveyance.

- Only one half of the road to be closed at any time to allow traffic still to pass
- Bitumen to be cut prior to excavation to ensure neat edge
- Trench to be backfilled with suitable gravel material mixed to optimum moisture
- Install a minimum of 600mm Diameter Class 4 Concrete Pipes on all road crossings. (Alternative drainage/pipe suggestions must be submitted and approved by Council 90 days prior to installation.)

5.15 Temporary Closure of Unsealed Road During/After Rainfall Events

POLICY

Unless otherwise stated, Council shall practice its rights and obligations to partially or wholly close, and subsequently re-open, any road under its responsibility in accordance with provisions of the *Local Government Act 1995, and the Local Government (Functions and General) Regulations 1996*.

OBJECTIVE

To restrict the winter use of unsealed roads by certain vehicles to preserve the Shire's assets during and/or after adverse weather conditions.

GUIDELINES

Specifically, Council may close roads to all vehicles greater than 4.5 tonnes gross when conditions arise where damage to the structure and/or surface of the road is likely to occur. This would usually occur in winter after grading and when 10mm or more of rain is forecast.

Rain events greater than 10mm may require unsealed roads to be closed until road conditions are suitable, as determined by the Chief Executive Officer under Delegated Authority.

Shire Officers will minimise the disruption to the affected proponents (farmers and contractors) while still maintaining a functional unsealed road network by ensuring the least amount of the Shire is

affected for the shortest possible period of time.

Notifications of weather related road closures will be made to adjoining shires, and notices will be posted at the Shire Administration Office and published in the next edition of the Muka Matters.

Restricted Access Vehicle permit holders with current Letters of Approval from the Shire, local carriers and any other interested parties will be notified of weather related road closures by facsimile or SMS text message. A media release will be sent to media outlets.

Where Council is required to issue local public notice, the issue of local public notice shall be in accordance with Section 1.7 of the Local Government Act 1995. Where a road closure inadvertently exceeds a period of twenty eight (28) days, the Council shall meet its obligations under s1.7 & s3.50(4) of the *Local Government Act 1995* and S4, Part 2 of the Local Government (Function and General) Regulations 1996.

Whilst Council has a 10% Local Purchasing preference in the case of this housing Tender, Council isn't bound to award the tender within the 10% Local Purchasing Policy as many different factors, which are not able to be measured, need to be considered including the benefit for other local or semi local Businesses in the event the Tender is awarded to a local Mukinbudin Business, in this case to Mukinbudin Building.

Council is supportive of existing, and the establishment of potentially new, businesses to town and in the form of building new residences, the last two 4x2 Dwellings built have been awarded to the local building company, Mukinbudin Building, with good results despite a large involvement from "others" in these previous builds. This involvement will not be the case in this build which requires the successful Tenderer to be responsible for build aspects previously considered the responsibility of the Shire employees: electrical connection, plumbing, landscaping etc.

The CEO believes it is important that the Committee not be too focused on the layout and design of the house. Provided this design isn't poor, the location of the toilet, walk-in robe or colour of the kitchen bench top is largely irrelevant from a Shire perspective as this transaction is between the Shire and the Department of Housing. Whilst the house will be a Shire property, apart from the financial aspect of this transaction it will be in the eyes of the community a Government house for the purpose of Police Housing for at least the next ten years and it is essential that the Department of Housing are supportive of whatever decision the Committee chooses prior to the actual awarding of the Tender by way of issuing of a Purchase Order for this work to be carried out.

The Tender from Mukinbudin Building has been pre-approved by the Department of Housing as this is largely identical to the Shire owned 4x2 leased to the Department of Housing for the purpose of accommodating the School Principal.

Council has made an allowance to take out a Loan of up to \$420,000 for the construction of a new 4x2 dwelling completed to a "turnkey" standard.

The CEO has spoken with WA Treasury regarding the Loan as well as the local Bendigo Bank Branch about a loan. The CEO is not familiar with Local Governments borrowing from Banks in the past however following discussions with Council's Auditors it is understood, whilst rare amongst Local Government, this option may exist following a direct cost comparison between WA Treasury and the

Mukinbudin Bendigo Bank Branch to allow for Council to borrow these funds accordingly. Council's Auditor is seeking clarification with regards to this matter which will form part of the report to be presented for Council consideration at the May 2018 Ordinary Meeting of Council once the Tender has been awarded and the required Loan amount known.

OFFICER RECOMMENDATION

Council Decision Number –

That the RFT 01/2018 Sub-Committee consider and award the Request for Tender 01/2018 – New 4x2 Dwelling to Mukinbudin Building services for a Tender amount of \$389,850.00 accordingly, subject to the following:

An undertaking from Mukinbudin Building that they will purchase as many items locally when possible, i.e. hardware items etc.

An Undertaking from Mukinbudin Building that they will attempt to employ any skilled or unskilled labour and or trades locally when possible, i.e. Electricians, Plumbers, Plasterers, Painters etc.

That prior to the formal awarding of the Tender and the issuing of a Purchase Order, written confirmation from the Department of Housing to confirm (in writing) approval of the chosen Tenderer and house design.

That the CEO seek firm quotes from suitable financial institutions to be considered by Council at the May 2018 Ordinary Meeting of Council for the borrowing of \$389,850.00 over a period of 20 years to fund the Construction of the new residence and that an appropriate allowance be made accordingly in the 2018/2019 Budget Document.

The Tender from Mukinbudin Building has been pre-approved by the Department of Housing as this is largely identical to the Shire owned 4x2 leased to the Department of Housing for the purpose of accommodating the School Principal.

Whilst the CEO has not been involved in any previous housing builds at the Shire of Mukinbudin, it should be made clear that a Key Performance Indicator (KPI) as set by the Council with regards to Economic Development states as follows:

9.1.5 Economic Development. To actively promote economic and business development in the Shire of Mukinbudin and regionally.

Based on this KPI and the fact that Council has awarded the past several housing builds to Mukinbudin Building under different CEO's, it would be remiss for any CEO to recommend that in a competitive Tender environment such as this, where a local business is competing directly with non-local businesses for a Tender, to recommended the Tender be awarded to anyone other than the Local Business which would be a direct and serious failure of an important Council KPI. This statement is made provided the local business in question was comparable (within reason as determined by the CEO) on key build aspects including quality, price and build timeframes.

As a strict Local Government Tender Process, the CEO doesn't believe it is appropriate to effectively negotiate with Tenderers with regards to pricing or arguably penalise one Tenderer who submitted two Tenders / options by separating additional optional extras valued at an additional \$17,865 items be included when this should technically be considered a separate and higher specification Tender with higher quality fixtures and fittings accordingly.

With regards to the timeframe for practical completion, the CEO met with the preferred Tenderer as determined by the Committee on Monday 30th April 2018. The preferred Tenderer was understandably hesitant to accept the penalty conditions given that handover date from the Shire remains unknown at this stage (sewerage fall level and soil compaction testing to be carried out prior to handover of the block). Whilst the sewerage level has been determined (last week) and no additional fill is required, soil compaction tests will be carried out next week and the block expected to be ready for handover to the successful Tenderer the follow week.

As various delays are a common occurrence for various reasons with any build process, on behalf of the preferred Tenderer the CEO contracted GROH to determine if an extension to Practical Completion Date to the end of March 2019 was possible. The following written confirmation was received and conveyed to Mukinbudin Building accordingly.

"Hi Dirk

I have internal discussions and Housing is happy to accommodate a March 2019 PC date, and if need be landscaping can be completed thereafter within a reasonable timeframe."

Summary

Every four years Local Governments in Western Australia are to be subjected to a Financial Management Review (FMR) this is not an Audit but more detailed and thorough check of various processes and procedures.

It is possible for Councils to undertake a review of these processes and procedures internally however the CEO deemed it more appropriate that this important process be carried out by Councils Auditors whilst in Mukinbudin undertaking the Interim Audit (one of two independent audits in any 12 month period).

Background

The FMR was carried out on 16th to 18th April 2018 and has been included in this document for Councillor information.

Comment:

Whilst several minor no compliance issues have been identified the CEO does not believe that Council should be concerned by the level of non- compliance and an extract from the Summary of the FMR states as follows:

Conclusion

Based on our work described in this report (which is not an audit), nothing has come to our attention to indicate the Shire of Mukinbudin has not established and maintained, in all material respects, appropriate and effective financial management systems and procedures during the period covered by our review being 1 July 2017 to 31 March 2018.

For those aspects of the Shire of Mukinbudin's Financial Management systems and procedures which were assessed as having opportunities for improvement, our findings are summarised at Part 3.0 of this report and detailed observations and comments are located at Part 4.0 of this report.

1.0 Independent Reviewer's Report to the Chief Executive Officer (CEO) of the Shire of Mukinbudin

At the request of the CEO, Moore Stephens (WA) Pty Ltd was engaged to conduct a limited assurance review of the appropriateness and effectiveness of the Shire of Mukinbudin's financial management systems and procedures. The objective of the review is to assist the CEO discharge responsibilities in respect to Regulation 5(2)(c) of the *Local Government (Financial Management) Regulations 1996* (as amended). The review was conducted for the period 1 July 2017 to 31 March 2018.

CEO's Responsibility for Maintaining and Reviewing Financial Management Systems and Procedures

The CEO is responsible for implementing policies, procedures and controls which are designed to ensure the effective and efficient management of the Shire's resources. In accordance with Regulation 5(2)(c) of the *Local Government (Financial Management) Regulations 1996* (as amended), the CEO is to undertake reviews of the appropriateness and effectiveness of the financial management systems and procedures. At least once in every four financial years the CEO is to report the results of those reviews to Council.

Our Responsibility

Our responsibility is to provide a report expressing limited assurance, designed to enhance the confidence of the CEO to assist reporting on the appropriateness and effectiveness of the financial management systems as required by Regulation 5(2)(c) of the *Local Government (Financial Management) Regulations 1996* (as amended). We conducted our engagement in accordance with Australian Standard on Assurance Engagements ASAE 3500 Performance Engagements issued by the Australian Auditing and Assurance Standards Board and the Audit Guidelines, in order to state whether, based on the procedures performed, anything has come to our attention that causes us to believe that Shire's financial management systems have not been operating effectively. Our engagement provides limited assurance as defined in ASAE 3500.

Our procedures were agreed to with the CEO in our engagement letter dated 7 April 2015.

Limitations of Use

This report is made solely to the CEO of the Shire of Mukinbudin for the purpose of reporting under Local Government (Financial Management) Regulation 5(2)(c). We disclaim any assumption of responsibility for any reliance on this report to any person other than the CEO of the Shire of Mukinbudin, or for any purpose other than that for which it was prepared. We disclaim all liability to any other party for all costs, loss, damages, and liability that the other party might suffer or incur arising from or relating to or in any way connected with the contents of our report, the provision of our report to the other party, or the reliance on our report by the other party.

1.0 Independent Reviewer's Report to the Chief Executive Officer (CEO) of the Shire of Mukinbudin (continued)

Inherent Limitations

A limited assurance engagement is substantially less in scope than a reasonable assurance engagement conducted in accordance with ASAE 3500 and consequently does not allow us to obtain assurance that we would become aware of all significant matters that might be identified in a reasonable assurance engagement. Accordingly, we will not express an opinion providing reasonable assurance.

We cannot, in practice, examine every activity and procedure, nor can we be a substitute for management's responsibility to maintain adequate controls over all levels of operations and its responsibility to prevent and detect irregularities, including fraud. Accordingly, readers of our reports should not rely on the report to identify all potential instances of non-compliance which may occur.

Any projection of the evaluation of the level of compliance to future periods is subject to the risk that the systems may become inadequate because of changes in conditions, or that the degree of compliance with management procedures may deteriorate.

Independence

In conducting our engagement, we have complied with the independence requirements of the Australian professional accounting bodies.

Conclusion

Based on our work described in this report (which is not an audit), nothing has come to our attention to indicate the Shire of Mukinbudin has not established and maintained, in all material respects, appropriate and effective financial management systems and procedures during the period covered by our review being 1 July 2017 to 31 March 2018.

For those aspects of the Shire of Mukinbudin's Financial Management systems and procedures which were assessed as having opportunities for improvement, our findings are summarised at Part 3.0 of this report and detailed observations and comments are located at Part 4.0 of this report.

Objective

The objective of our engagement as outlined in our engagement letter dated 7 March 2018 as follows:

To provide a report expressing limited assurance designed to enhance the confidence of the intended user (in this instance the CEO) in the performance of the control environment of the financial management system of the Shire of Mukinbudin (administered by Shire staff being the Responsible Party) for which the intended user (CEO) is ultimately responsible in accordance with the Act and Regulations.

It includes the performance of assurance procedures designed to test the financial management system and report to the CEO on the appropriateness and effectiveness of the control environment within, as required by Financial Management Regulation 5(2)(c).

We trust this report will assist in the ongoing review and improvement of the Shire's financial management practices and procedures.

4.0 Areas Examined with Detailed Observations and Comments

4.1 Bank Reconciliations and Petty Cash Management

Bank Reconciliations

An examination of bank reconciliations and procedures for the period under review noted they are up to date as well as being prepared regularly and promptly for all bank accounts except for the following matters:

- Noted two instances where the bank reconciliations for the municipal account were not signed as reviewed.
- Noted two instances where the bank reconciliations for the reserve accounts were not included in the monthly reconciliation files as prepared.
- Noted two instances where the bank reconciliations for the trust accounts were not signed as reviewed.

Comment: To help ensure all transactions are bona fide and all deposits and withdrawals are completely and correctly posted into the general ledger, bank accounts should be reconciled every month to external statements and signed by both preparer and an independent reviewer.

The independent review should seek to confirm the accuracy of the reconciliation and should be evidenced accordingly.

Petty Cash Management

We also examined the petty cash system and procedures and concluded these were being properly controlled and maintained.

4.2 Trust Funds

Trust funds held by the Shire were examined to determine proper accountability in the Shire's financial management system and compliance with regulatory requirements.

Our observation and testing of five receipts and five refunds, randomly selected, confirmed that trust funds are adequately controlled and all statutory requirements were satisfactorily met.

4.3 Receipts and Receivables

The Shire's end of day banking procedures were examined to determine if they were adequate in ensuring cash collection is being recorded and allocated properly to the general ledger. Detailed testing of a sample of twenty end of day receipts, randomly selected, was performed. This included tracing to individual receipt detail, bank deposits, general ledger and bank statements to ensure banking was correctly performed.

Overall testing was completed satisfactorily. Controls and procedures are considered to be operating effectively and are appropriate for the Shire's current scope of operations.

4.0 Areas Examined with Detailed Observations and Comments (continued)

4.4 Rates

The Shire's rating procedures were examined to determine if they were adequate in ensuring rates were being imposed or raised correctly. This also included inspection of the rate record, rate notices, instalment notices, valuation reconciliations and general ledger.

We randomly selected and tested ten annual rate notices and ten interim notices for the period under review. This included:

- sighting the notices;
- re-performing the calculations;
- ascertaining whether the valuations applied agree to Landgate's valuation roll/report and rates per dollar imposed are as per adopted budget;
- ensuring the rate system is properly updated; and
- checking proper posting to the general ledger.

Our review of the controls and procedures over the rate system and records of the Shire noted the following matters for your attention:

- The reminder notice for payment of a rates instalment did not include the valuation of the land recorded in the rate record as required by Local Government (Financial Management) Regulation 57(1)(c).

Comment: To help ensure compliance with statutory provisions, these requirements should be regularly reviewed in the future. We note that since raising this matter Management has corrected the notice template to include the required information.

As the above matter represents non-compliance with the Financial Management Regulations, it may be carried forward to our audit report for the year ended 30 June 2018.

- One instance noted where the Rates Debtor reconciliation was not performed.

Comment: To help ensure all rates debtors are bona fide and rate payments are completely and correctly posted into the general ledger, rates debtors should be reconciled every month and signed by both preparer and an independent reviewer.

The independent review should seek to confirm the accuracy of the reconciliation and should be evidenced accordingly.

4.5 Fees and Charges

Fees and Charges imposed at the time of budget adoption were found to be in accordance with legislative requirements.

Detailed testing of a sample, randomly selected, of twenty fees and charges invoices, was performed. This included tracing to receipts, general ledger and budgeted price to ensure allocation/posting was correctly performed and correctly charged.

Overall testing was completed satisfactorily. Controls and procedures are considered to be operating effectively and are appropriate for the Shire's current scope of operations.

4.0 Areas Examined with Detailed Observations and Comments (continued)

4.6 Purchases, Payments and Payables (Including Purchase Orders)

A sample of twenty-one payment transactions were randomly selected and tested to determine whether purchases were authorised/budgeted and payments were supported, certified/authorised and correctly allocated. The Shire's purchases, payments and payables system was also examined to determine if adequate controls were in place in ensuring liabilities are properly recorded and payments are properly controlled.

We are aware of many recent incidents of payment scams/frauds within the local government industry. As a consequence of this activity, we have had a specific focus on the controls around the changes to supplier details within the EFT payment system.

In general, controls and procedures over purchases, payments and payables appear to be operating effectively and are appropriate for the Shire's current scope of operations.

4.7 Payroll

Detailed testing of a sample of twenty-one individual employees was randomly selected from eight pay runs and for each employee's pay the following tests were performed to help ensure:

- the employee existed;
- the correct rate of pay was used;
- non-statutory deduction authorities are on hand;
- time sheets were properly completed and authorised;
- hours worked were properly authorised; and
- allocations were reasonable and correctly posted.

We also tested the first pay of three new employees and the last pay of one terminated employee (randomly selected). The Shire's payroll system was also reviewed to determine if adequate controls were in place to help ensure wages and salaries are properly processed and payments are properly controlled.

The system described to us and its supporting controls were found to be operating effectively.

4.0 Areas Examined with Detailed Observations and Comments (continued)

4.8 Credit Card Procedures

A review of the Shire's credit card procedures was performed to determine if adequate controls were in place.

We randomly selected and tested eight months' credit card transactions across the Shire's card to determine whether they are legitimate and usual in the context of the Shire's operations. This included:

- sighting tax invoices;
- ascertaining whether the transaction is for bona fide Shire business; and
- determining whether transactions are in line with the Shire's policy.

Overall testing was completed satisfactorily. Controls and procedures are considered to be operating effectively and are appropriate for the Shire's current scope of operations.

4.9 Fixed Assets (Including Depreciation, Acquisition and Disposal of Property)

The fixed assets system including controls over acquisition and disposal of assets, updating of the fixed assets register, depreciation of fixed assets and reconciliation of the fixed assets register to the general ledger was examined.

A sample of one asset additions and four disposals were judgementslly selected and testing performed to ensure:

- the tax invoices existed;
- correct posting to the general ledger;
- fixed assets register was promptly updated; and
- classification of assets was correct;

In addition, a sample of six assets were judgementslly selected and testing performed to ensure the depreciation rates used are in line with the Shire's policy.

We concluded fixed assets are properly accounted for and supporting controls are operating effectively, except for the following matter:

- Noted one instance of a significant asset addition not being depreciated in the accounting system since it was brought into use.

Comment:

To help ensure asset depreciation is calculated accurately, the Shire should ensure the correct depreciation rates are input when an asset is entered into the accounting system.

Furthermore, the corresponding general ledger control accounts should be reconciled regularly to the fixed assets register and system reports. These reconciliations should be signed and dated by the preparer thereof and should be independently reviewed.

We note that since raising this matter Management has corrected the asset record to reflect depreciation since being brought into use.

4.0 Areas Examined with Detailed Observations and Comments (continued)

4.10 Cost and Administration Allocations

The Shire's cost and administration allocation system was examined to determine if indirect costs have been properly reallocated to various jobs/programs. This included review of the allocation basis and rates used to ensure they are appropriate and regularly reviewed.

Our review noted the system is being maintained properly.

4.11 Minutes and Meetings

Council and Committee meeting minutes were reviewed to ensure compliance with procedures and protocols.

The procedures and protocols surrounding meetings and the quality of minutes were found to be of a satisfactory standard and in accordance with legislative requirements.

4.12 Financial Reports

The following reports were reviewed for compliance with legislative requirements:

- Annual Report;
- Annual Financial Report; and
- Monthly Financial Reports.

All were found to be of a satisfactory standard and in compliance with legislative requirements.

4.13 Budget

The 2017/18 budget document and documents surrounding budget adoption were reviewed to ensure compliance with regulatory requirements.

All statutory requirements were satisfactorily met and the adopted budget was of satisfactory form and content.

4.14 Plan for the Future

The Strategic Community Plan and Corporate Business Plan together comprise the Plan for the Future.

The Shire's current Strategic Community Plan (2013-2023) and Corporate Business Plan (2017/18-2020/21) were adopted in 2013 and 2017 respectively. From examination, they appeared to meet all statutory requirements with the following exception:

- The Strategic Community Plan has not been reviewed at least every 4 years since its adoption as required by Local Government (Administration) Regulation 19C(4).

Comment: To help ensure compliance with statutory provisions, this requirement should be correctly addressed in the future.

4.0 Areas Examined with Detailed Observations and Comments (continued)

4.15 Registers (Including Annual & Primary Returns)

Financial Interest Register

The register was examined to ensure compliance with regulatory requirements.

Our review noted the register was deemed to be satisfactorily maintained and appropriate for the Shire's needs, except for the following:

- Two Annual returns contained sections which had been left blank.

Comment: To help ensure compliance with Departmental Circular 18-2005 and to help ensure returns submitted are not at risk of being amended, all sections should be completed. We note it is acceptable to record N/A, Nil or No Change or to rule a clear line through a N/A section whilst leaving sections blank is not recommended practice.

Tender Register

The tender register was reviewed for completeness and compliance and appeared to be satisfactorily maintained and appropriate for the Shire's needs.

4.16 Delegations

The delegations register was reviewed for completeness and compliance and no matters were noted.

4.17 Audit Committee

The Shire's establishment of its audit committee and the constituted membership was examined by us and considered satisfactory.

4.18 Insurance

Discussions with staff and review of policy documents revealed policies are current. Evidence also exists to suggest an annual review of insurance risks occurs.

4.19 Storage of Documents / Record Keeping

A detailed and fully indexed register and filing system is in place and appears to be complete and operating effectively.

4.20 General Compliance and Other Matters

Investments

Internal control procedures and restrictions over investments are properly maintained and complied with the Local Government (Financial Management) Regulation 19C.

General Journals

Internal control procedures over general journals are properly maintained for the level of operations.

IT General Environment

Whilst reviewing the adequacy of the Shire's IT general environment, we noted general controls such as access to the computer system, regular changes to passwords and data back-up are being performed. Based on our review, this approach is considered appropriate for the Shire's needs.

5.0 Reminders

Fixed Assets

- Revaluation of infrastructure assets should be performed by 30 June 2018.

Management have advised the valuations are scheduled to be undertaken by management prior to 30 June 2018.

Other

- The Fringe Benefits Tax return had not yet been lodged at the time of our visit. Due date for lodgement is 21 May 2018.
- A meeting with the auditor should be arranged as soon as is practicable as the Audit Committee is required by Section 7.12A(2) of the Local Government Act to meet with Council's auditor once every 12 months. We note the last meeting with the auditor was by teleconference on 21 December 2016.

Background

The Shire of Mukinbudin Auditor Mr Greg Godwin, from Moore Stephens has completed the Interim Audit in April 2018. A copy of the Interim Audit Report has been submitted as an attachment to this item.

The Interim Audit was conducted onsite at the Shire Administration Offices on the 16th and 17th of April 2018 by Audit Manager Stephanie Payton.

The CEO believes it is necessary to make clear the difference between the Interim Audit and the Ordinary Annual Audit as they are significantly different in nature. The Interim Audit is usually carried out in March to May of any year and is effectively the preliminary end of year Audit. The Interim Audit is therefore not for a period of time, e.g. 30th June 2018. Local Governments are under no obligation either formally or informally to have an Interim Audit carried out however they are considered a best Practice and the Author strongly recommends this process continue.

Given the informal nature of the Interim Audit Report combined by the fact that Audit Committee and the Council are one and the same at Mukinbudin the CEO has bypassed the Audit Committee meeting and referred this report direct to Council for consideration.

An extract on the roles and responsibilities of Council from the Department of Local Government and Communities Operational Guideline Number 09 – ‘Audit in Local Government’ revised September 2013 is shown below.

“Role and Responsibilities

8 The role of the audit committee is to support Council in fulfilling its governance and oversight responsibilities in relation to financial reporting, internal control structure, risk management systems, internal and external audit functions and ethical accountability.

9 The audit committee should critically examine the audit and management reports provided by the external auditor. The committee would then determine if matters raised in the reports require action to be taken by the local government and ensure that appropriate action is implemented.

10 A further role for the audit committee would be to receive and authorise the report relating to the audit prepared by the CEO that is to be sent to the Minister.

This report would outline any actions the local government has taken or intends to take in relation to the matters identified by the auditor.

11 While a formal internal audit function could be considered to be an operational function and therefore the responsibility of the CEO, it is desirable for an internal auditor to have a direct line of communication to the Audit Committee.

The Audit Committee needs to form an opinion of the local government's internal audit requirements and recommend a course of action that ensures that any internal audit processes adopted are appropriate, accountable and transparent. The role of the external auditor in this regard can be established at the time of appointment.

Please note that an audit committee (or any other committee) cannot be given a management task where the Act and Regulations make the CEO specifically responsible. Where the local government is assigned the function through the legislation, the audit committee may have a role unless the function has been delegated to the CEO by the Council."

Meeting with the Auditor once per year

15 The legislation specifies that a local government is required to meet with its auditor at least once in every year. The term "local government" in this context means the Council. If Council so resolved via a formal delegation, a meeting between the audit committee and the auditor would satisfy this requirement.

16 It is acknowledged that the requirement to meet at least once per year may incur a significant financial burden for the more remote local governments. In such circumstances the meeting can be conducted by telephone or video conference. The Council or audit committee should resolve how the meeting with the auditor will be conducted and for the record of the meeting to show that the auditor was involved and the matters discussed. It would be inappropriate for Council representatives to meet with the auditor in their offices unless they were members of the Audit Committee or a significant majority of the members are present.

17 The committee may need to liaise regularly with the external auditor to discuss the audit plan, results of the audit and implementation of any recommendations for action emerging from the audit. How communication and liaison between auditor and committee is to occur should be addressed in the agreement of appointment.

18 Advice from the auditor may address issues such as –

- (i) an assessment of accounting procedures;
- (ii) an assessment of internal controls;
- (iii) an assessment of risk;
- (iv) compliance with the Act and associated regulations;
- (v) compliance with Council policies;
- (vi) performance assessments on the efficiency and effectiveness of operations;
- (vii) processes of the internal audit;
- (viii) outcomes of the external audit prior to issue of management and audit reports; and
- (ix) changes to accounting standards and legislation and the impact on the local government.

quantitative impact (for example financial loss) and qualitative impact (for example inefficiency, non-compliance, poor service to the public or loss of public confidence).

However even if the issue is not likely to impact the audit opinion, it should be addressed promptly.
- Moderate** - Those findings which are of sufficient concern to warrant action being taken by the entity as soon as practicable.
- Minor** - Those findings that are not of primary concern but still warrant action being taken.
